**Report of the Events of Conference/Workshop/Seminars
conducted on IPR and Industry-Academia during
2013-14 to 2017-18**

List of Events Organised

Year	Name of the workshop/ seminar	Date From – To
2014	National Conference on Statistics Mathematics and their Applications	03/01/2014 to 04/01/2014
2014	MCED, DST-NIMAT sponsored Faculty Development and Interaction programme with IIT Chennai faculties Programme	10/03/2014 to 20/03/2014
2014	International Satellite conference on Global Environmental concerns, Department of Environmental Science	28/03/2014
2014	Participation in One day Awareness Programm on Intellectual Property Rights, Conducted by Rajiv Gandhi National Institute of IPR, Nagpur: Attended by Dr. Rashmi Batra, Dept. of Chemistry	19/08/2014
2014	Two days International Conference on Industrial Automation and Computing organized by Jhulelal Institute of Technology in collaboration with Institute of Science, Nagpur	12/04/2014 to 13/04/2014
2015	Participation in Two days Public Training Programm on the topic: "An Introduction to the Intellectual Property Rights, Conducted by Rajiv Gandhi National Institute of IPR, Nagpur: Attended by Dr. Prashant Jakhi, Dept. of Botany	09/02/2015 to 10/02/2015
2015	International Symposium on Ultrasonics: Focal Theme: Ultrasound in Biomedical and Industrial Applications by Department of Physics in collaboration with Ultrasound society of India	22/01/2015 to 24/01/2015
2015	2nd International Congress of Society for Ethno pharmacology (SFEC 2015) in India	20/02/2015 to 22/02/2015
2016	"Plagiarism : A Pervasive Unetgecal Practice", Organidsed by Library	21/01/2016
2016	One day Symposia on "Biodiversity of Past" was organised by Botany Department. Chief Guest - Steve Manchester from USA and Sham Shrivastav from, BSIP, Lucknow were prominently present	22/01/2016
2016	One day workshop on ARENA software was organized by the department of Statistics on 9th Aug, 2016. Dr. Parag Dhumal, Associate professor University of Wisconsin Parkside, Kenosha, U.S. was the resource person.	08/09/2016
2016	One day Special Training on "Financial Literacy Programme" Organized by Library and Dept. of Computer Science in association with SEBI	21/09/2016
2016	Guest Lecture on "Patent Awareness" by Mrs. Chaya Satpute, Senior Documentation Officer, Patent Information System, from RGNIIPM was organised by IQAC and Physics Department	21/09/2016

2016	MCED, DST-NIMAT sponsored Faculty Development Programme	13/12/2016 to 24/12/2016
2016	On day Workshop on “Java” was organised by Computer Science Department in collaboration with IT, Network-Z, Nagpur	15/12/2016
2017	One day Workshop on “Java” and RED HAT LINUX was organised by Computer Science Department in collaboration with IT, Network-Z, Nagpur	20/02/2017
2017	One day Pre conference workshop to sensitize Community on International Conference “Integrated Solid Waste Management Practices in Developing Countries” in collaboration with NEERI and SWATCH	04/06/2017
2017	Two days International Conference was organised in collaboration with NEERI, Nagpur on “Integrated Solid Waste Management Practices in Developing Countries”	11/04/2017 to 12/04/2017
2017	One Week STTP Training Program, on Recent Advancement in Environmental Engineering, Science and Chemistry: A Multidisciplinary Approach, at PIET, Nagpur, Sponsored by ISTE-AICTE	09/10/17 to 14/10/17
2018	Participation in One day State level Workshop on Intellectual Property Rights at Government College of Arts and Science, Aurangabad. Participation by faculty : Dr. S.D. Narkhede, Dr. N.J.Siddiqui, Dr. Aruna Kawadkar	09/07/2018

Institute of Science, Nagpur
2013-14

National Conference on Statistics Mathematics and their Applications

Advisory Committee

- Prof. M. N. Deshpande, Nagpur
Former Director & Head, Department of Statistics,
Institute of Science, Nagpur
- Prof. Anil P. Gore
Vice-President, Cytel Statistical Software and Services Pvt. Ltd, Pune
- Prof. Shailaja R. Deshmukh
Prof. & Head, Department of Statistics, University of Pune
- Prof. V. R. Padmawar
Stat-Math Unit, ISI, Bangalore
- Prof. K. C. Deshmukh
Head, PGTD of Mathematics & Dean, Faculty of Science,
RTM Nagpur University, Nagpur
- Prof. R. V. Saraykar
PGTD of Mathematics, RTM Nagpur University, Nagpur
- Shri . P. V. Dabli
Former Director, SIMSREE, Mumbai
- Prof. R. Radha
School of Mathematics & Statistics, University of Hyderabad
- Shri. Tarun Shrivastava
Principal Systems Analyst, NIC & President, AASCON, Nagpur Chapter

Organizing Committee

- Shri R. R. Waikar, Nagpur
- Dr. (Mrs). M. M. Nichkawade, Nagpur
- Dr. (Mrs). N. N. Kasturiwale, Nagpur
- Dr. (Mrs). P. R. Singh, Nagpur
- Dr. U. S. Thool, Nagpur
- Prof. S. P. Kane, Nagpur
- Dr. S. H. Ghate, Nagpur
- Prof. Rajesh Singh, Amravati
- Dr. M. B. Kulkarni, Nashik
- Mrs. C. P. Cholkar, Nagpur
- Dr. (Mrs). V. A. Joglekar, Nagpur
- Shri. R. V. Patil, Nagpur
- Mrs. M. A. Pande, Nagpur
- Dr. P. S. Muktibodh, Nagpur
- Shri Rishi Agrawal, Nagpur
- Dr. Sanjay Sarve, Nagpur
- Dr. (Mrs.) Sujata Janardhan, Nagpur

**NATIONAL CONFERENCE ON
STATISTICS, MATHEMATICS AND
THEIR APPLICATIONS**

(COSMA)

3rd & 4th JANUARY 2014

Co-sponsors

**International Indian Statistical Association
&
National Board of Higher Mathematics, Mumbai**

Organized by
**Department of Statistics
&
Department of Mathematics
Institute of Science
Nagpur - 440001**

Dear Colleague,

It is a matter of great pleasure to invite you to celebrate the "International Year of Statistics" by participating in the **NATIONAL CONFERENCE ON STATISTICS, MATHEMATICS AND THEIR APPLICATIONS (COSMA)** to be held on 3rd and 4th JANUARY 2014 at **Institute of Science, Nagpur**.

Institute of Science

Institute of Science, Nagpur established in 1906 is a premier institute of Central India imparting quality education in eight under graduate, seven post graduate and eight Ph.D. programs.

The Department of Mathematics was established as an undergraduate department initially and upgraded to a post graduate department in 1925. It flourished under the leadership of great mathematicians like Dr. S.C. Dhar, Dr. N.G. Shabde, Dr. S.S. Shrikhande and others. A separate department of Statistics was established in 1955. Under the able guidance of eminent statisticians like Dr. V.P. Godambe, Dr. A.B. Buche, Dr. M.N. Deshpande and others, the department has risen to become one of the best departments that constantly strives to excel both in imparting training and in research. At present both the departments offer UG and PG programs which cater to the needs of nearly three hundred students.

Conference Theme

Mathematics and Statistics have become an integral part of almost every area of life including agriculture, engineering, medicine, management, as well as the physical, chemical, biological and social sciences. The goal of this conference is to provide a common platform to leading academicians, researchers and professionals working in the field of Mathematics and Statistics to share their knowledge about various aspects of these two important branches of Science. The conference will provide an opportunity for technical discussions, reflections and exchange of ideas and perspectives in both theoretical and applied fields of Statistics and Mathematics besides exploring the potential of their applications in new interdisciplinary areas.

The following themes are included but not limited to:

- ◆ Probability Theory
- ◆ Stochastic Modelling
- ◆ Computing and Simulation
- ◆ Operations Research
- ◆ Data Mining & Data Warehousing
- ◆ Statistical Inference
- ◆ Applied Statistics
- ◆ BioStatistics
- ◆ Reliability Theory & Survival Analysis
- ◆ Algebra

- ◆ Analysis
- ◆ Fluid Dynamics
- ◆ Relativity
- ◆ Combinatorics
- ◆ Differential Equations
- ◆ Thermoelasticity
- ◆ Mathematical Modelling

Call for Papers:

Authors are invited to contribute their research papers and send the soft copy of the abstracts by email before the scheduled date. Abstracts of papers should be concise with a maximum limit of 300 words.

Full length papers are to be submitted in Times New Roman, Heading 14 and text font size 12-MS Word format, 1.5 line spacing and A4 size paper setup, with 1.5" margin on all sides with three-four key words.

Important dates

Last date for receiving abstracts : 30-11-2013
Intimation of acceptance of abstracts : 10-12-2013
Full paper submission : 20-12-2013

Registration

Please send the filled registration form with demand draft (DD) drawn in favor of "The Convener, COSMA" payable at Nagpur.

The registration fee may also be directly remitted or transferred online to the following bank account.

Bank Name : Bank of India
Branch : R. T. ROAD, Nagpur.
A/C No. : 870910110003465
IFSC Code : BKID0008709
MICR Code : 440013009

If the fee is remitted/transferred online to the above account, a soft/hard copy of the transaction with number should be sent along with the registration form.

Registration Fees

Faculty / Professionals : ₹ 1000/-; Research Students : ₹ 750/-
UG /PG Students : ₹ 500/-

Accommodation

Accommodation will be arranged on request at reasonable rates on payment . Those requiring such facility should contact by 5th December 2013.

**“NATIONAL CONFERENCE ON STATISTICS AND MATHEMATICS
APPLICATIONS “ (COSMA)**

3rd AND 4th JANUARY 2014

INSTITUTE OF SCIENCE, NAGPUR.

REPORT

The Department of Statistics in collaboration with the Department of Mathematics of Institute of Science, Nagpur (India) celebrated the International year of Statistics by organizing a two day “NATIONAL CONFERENCE ON STATISTICS AND MATHEMATICS APPLICATIONS “ (COSMA) on 3rd and 4th Jan 2014. Besides the University Grants Commission, the International Indian Statistical Association (USA) and the National Board for Higher Mathematics, Department of Atomic Energy , were the cosponsors of the event.

Around 240 delegates comprising of Statisticians and Mathematicians belonging to the theoretical and applied fields from all over the country and abroad participated in the deliberations . The delegates comprised of academicians, practicing statisticians, researchers and students pursuing their master’s program in Statistics and Mathematics.

The conference was inaugurated by Dr. R. M. Welukar, Vice Chancellor of University of Mumbai and an alumnus of the institute. The inaugural function was presided over by Dr. Vilas Sapkal, Vice Chancellor of RTM Nagpur University.

Other important dignitaries who shared the dais included Dr.T.E.Raghunathan, Chair and Professor of Biostatistics ,School of Public Health, University of Michigan, USA Dr. Subrata Kundu, Deputy Chair & Associate Professor of Statistics, George Washington University, USA Dr.K.C.Deshmukh, Dean of faculty of Sciences, RTM Nagpur University and Dr. M. T. Bharambe, Director of the Institute.

In his inaugural speech Dr. Welukar highlighted the importance of these two subjects besides citing a number of their applications in various disciplines. He emphasized that interdisciplinary research was the need of the day as Statistics and Mathematics have become an integral part of all allied sciences. Hence there was a dire need to broaden our outlook and make biologists, chemists and other fields also a part of every Statistics conference.

Dr. V.S.Sapkal , a chemical engineer himself, presented the status of Indian achievements in the advancements of Science. He informed the gathering that India was sixth in the world in chemical technology and third in Asia. Statistics has played a significant role in the revolutionary change that has taken place in many sciences . He agreed with Dr.Welukar that interdisciplinary science was the need of the day. He was of the view that Institute of Science which offers both undergraduate and post graduate courses should introduce a five years integrated course leading to M.Sc. degree in Mathematics and Statistics. While appreciating the initiative taken by Institute of Science, Nagpur , he was happy to note that delegates from all corners of India and countries like USA and Kuwait were participating in the conference . Dr. T.E. Raghunathan , Dr.S.Kundu and Dr. K.C.Deshmukh also spoke on the occasion.

The inaugural function was followed by an inspiring and thought provoking key note address by Dr. T. E. Raghunathan who spoke at length on **“Mathematics To Mathematical Statistics To Biostatistics: A Personal Journey”**.

Beginning his address by saying that Statistics , by definition itself, is interdisciplinary, he briefed the audience about his own contributions and work done by his department in the field of Biostatistics. He emphasized the need for properly understanding all aspects of any problem before statistically analyzing it. He narrated his own experience of learning medicine before statistically modelling the liver function testing of a child. He also expressed his views on the whole notion of health care in USA and how statistical modeling techniques were useful in understanding the cost structure. He felt that in order to succeed, we needed to expand our horizon beyond the limits of Statistics. He informed the participants about his visit to many universities and felt that India needs to gear up and invest in research for public health. He stressed the need for an important organization like ICMR (Indian Council of Medical Research)becoming like NIH of USA.

“There is no substitute for hard work”, was his advice to the young delegates . He informed the young researchers and students that the need for statisticians is going to be

codes and MDS codes ,Dr. Repaka Radha from the School of Mathematics and Statistics, University of Hyderabad on Solutions of some partial differential equations and Dr.V.M.Sholapurkar , Associate Professor and Head at the Center for Postgraduate Studies in Mathematics, S. P. College, Pune on **Reproducig Kernel Hilbert Spaces and Multiplication Operators.**

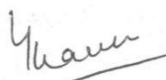

Besides discussing the important results, all the speakers pointed out the open problems and scope for further work related to their topic. .

There were in all eight paper reading sessions ,five in the Statistics section and three in the Mathematics section . A total of around 60 – 65 papers were presented on both days.

One of the interesting sessions organized during the conference was the ‘ **CATCH THEM YOUNG**’ session which was specially organized for the benefit of young students, researchers and faculty members. Around 150 students and other delegates had an interesting interactive session with the experts from the fields of statistics. Dr.Srinivas Bhogle, Dr.Chiranjit Mukhopadyay , Dr.Srinivasan Balaji and Dr.Subrata Kundu along with Mr.Tarun Shrivastava, Systems analyst , NIC, Nagpur and an alumnus of the department and Dr. K.S.Bhanu, the convener, held a panel discussion and guided the students on job opportunities in various fields of both Statistics and Mathematics.

A souvenir containing abstracts of invited talks and contributory papers was brought out on the occasion.

The conference organized to celebrate the international year of Statistics was indeed a grand success.

Notice to All Departments

Department of Science and Technology, New Delhi, and Maharashtra Centre for Entrepreneurship Development, Nagpur sponsored Faculty development program for faculties of Engineering, Polytechnique and Science college was organised from 11/03/2014 to 25/03/2014 in association with IQAC of Institute of Science, Nagpur. Inauguration ceremony was held in Sabhagruh (Room No. 45) of Institute of Science, Nagpur. Nearly 25 faculties of various colleges participated in the program. On this occasion Project officer, Mr. S. S. Kulkarni, MCED Nagpur, Mr. A. S. Dabir, Regional officer MCED, Nagpur, Dr. S. A. Kalkar, IQAC in-charge and other faculty members were present. Dr. M. T. Bharambe, Director, Institute of Science, Nagpur, presided over the function. During the twelve days schedule of FDP Eminent Speakers, Industrialist and Academicians guided the participants. The Valedictory function was held at Sabhagruh (Room No. 45) of Institute of Science, Nagpur on 25/03/2014. On this occasion Dr. M. T. Bharambe, Director, Institute of Science, Nagpur, present as chief guest of the function. The FD program concluded with distribution of certificates to participants.

International Satellite Conference on Global Environmental Concerns, Department of Environmental Science

Students of B.Sc. Part-I presented the model based on Composting of Solid Waste at International Satellite Conference on “Global Environmental Concerns” March, 2014

**INTERNATIONAL SATELLITE CONFERENCE ON
GLOBAL ENVIRONMENTAL CONCERNS**

About Conference

The drastic change in environment of our globe is a major concern. The public interference in the environmental processes brought major global environmental changes.

The human activities like mining, water resource management and urbanization led heavy pressure onto natural processes.

These anti-environmental activities led us to have global warming, polluted water, air and food. Finally these all leads to the deterioration of public health.

Health related science has achieved a lot but new diseases, chronic problems in human health still keeping the public health a serious problems due to environmental pollution.

There is an urgent need to have thorough discussion and actions towards solving public health related problems which are purely due to environmental changes.

Programs

Date : 28th March, 2014

10.00 am : Inauguration and Key Note Address

First Session

11.30 am : Expert Lecture I
12.15 pm : Expert Lecture II
12.30. Lunch

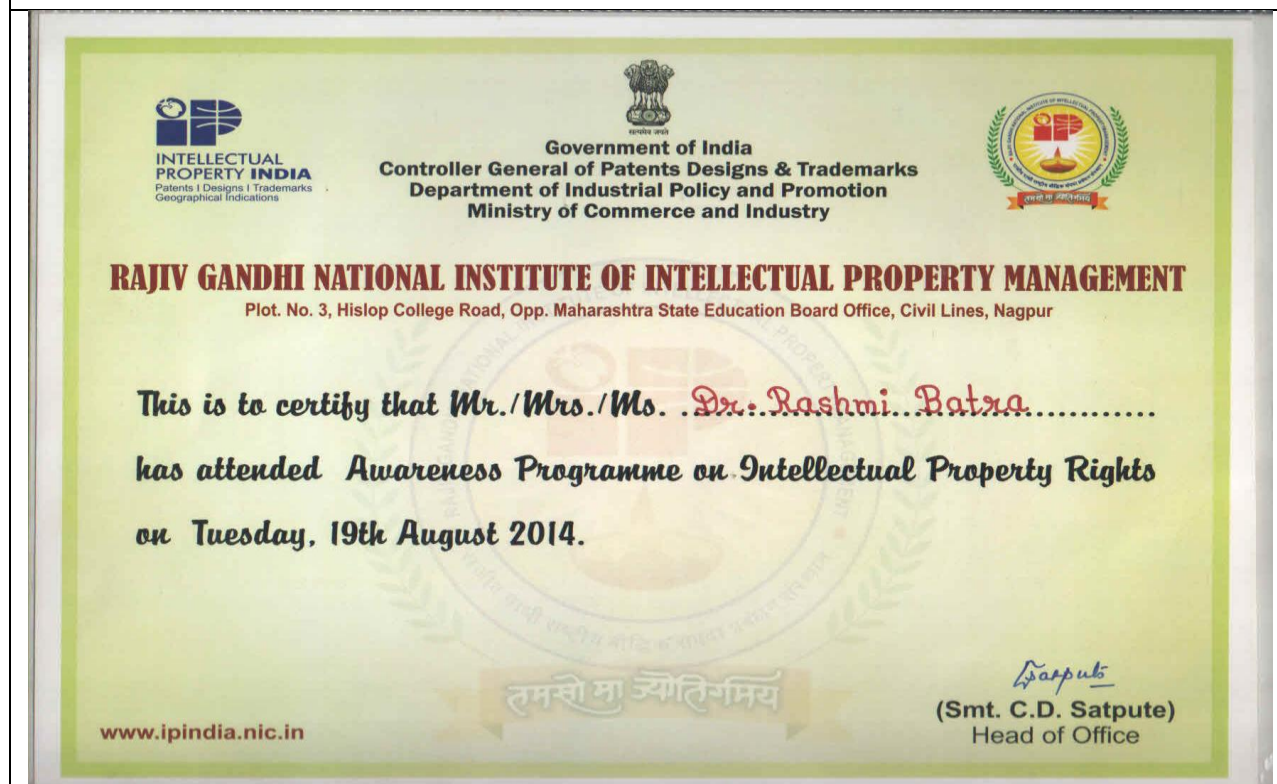

Second Session

1.00 pm : Poster Presentation
2.00 pm : Expert Lecture III / Paper Reading
2.45 pm : Expert Lecture IV / Paper Reading
3.30 pm : Tea Break
3.45 pm : Panel Discussion
4.15 pm : Valedictory Function.
4.30 pm : Certificate Distribution

INTERNATIONAL SATELLITE CONFERENCE ON GLOBAL ENVIRONMENTAL CONCERNS
 At Department of Environmental Science, Institute of Science, Nagpur
 On 20th March, 2014 from 10.00 a.m. onwards.

The second International Congress of the Society for Ethno pharmacology, India (SFE-India) was organized by Department of Pharmaceutical Sciences, Rashtrasant Tukadoji Maharaj Nagpur University, and Nagpur, India in association with Society for Ethno pharmacology (India) during February 20-22, 2015 with the theme “Validation of Medicinal Plants and Traditional Medicine – Global Perspectives” and co-organized by Institute of science. The congress has witnessed mammoth gathering of stalwarts from academia, Industry, Research Institutes, Health Practitioners and Research Scholars with the participation of around 1000 delegates. The congress witnessed participation of resource persons and delegates from around 20 different nations from across the globe. About 65 Lectures from eminent speakers, more than 500 Poster and 150 Oral scientific presentations are good enough to highlight the strength of scientific compartment of this congress. Participation of about 40 traditional healers and exhibition of raw material to finished goods from naturals gave silver lining to this conference. Organizing Secretary, Dr. Prakash Itankar gave credit of the success of congress to team of Department of Pharmaceutical Sciences, R.T.M. Nagpur University, and Society for Ethno pharmacology, India and SFE Chapters all across India, all the associate institutions, industries, sponsors, well wishers, delegates and the dedicated team of our beloved Student Volunteers, including students from many pharmacy and science colleges of Nagpur.

Report of One day Workshop on "Plagiarism: A Pervasive Unethical Practice", Organized by Library

GOVERNMENT INSTITUTE OF SCIENCE, NAGPUR

Cordially invites you for special lecture
on
"Plagiarism: A Pervasive Unethical Practice"

To be delivered
by
Prof. (Dr.) M P Satija

One Day program on "Plagiarism: A pervasive unethical practice" was organized by department of Library in association with IQAC, Institute of Science, Nagpur on 21st January 2016. On this occasion, Prof. Dr. M. P. Satija UGC Emeritus Fellow, Guru Nanak Dev University, Amritsar was present as guest speaker. He explained about writing a research paper. He emphasized on avoiding plagiarism by citing author. Dr. R. G. Atram was chaired the session. 150 students along with faculties of various departments attended the program. Dr. R. S. Lihitkar, proposed vote of thanks.

One day Symposia on “Biodiversity of Past” was organized by Botany Department.
Chief Guest - Steve Manchester from USA and Sham Shrivastav from, BSIP, Lucknow

GOVT. INSTITUTE OF SCIENCE, NAGPUR.

You are cordially invited to

One day Symposium

Organized by

DEPARTMENT OF BOTANY

“Biodiversity of Past”

Friday, 22nd January, 2016.

INAUGURATION

At the hands of

Chief Guest:- Hon'ble Prof. G. V. Patil

Ex-Vice Chancellor S.G.B. Amravati University, Amravati.

Guest of Honor:- Dr. (Mrs) A. A. Saoji.

Ex. Director Govt. Institute of Science, Nagpur.
President SRII (Science Research Institute, International)

Key Note Speaker: - Dr. Steven R. Manchester

Professor of Botany & Curator,
Florida Museum of Natural History
Florida University, Gainesville-Florida.

Speaker:- Dr. Shyam Srivastav

Director, Birbal Savitri Sahani Memorial Museum –
Lucknow

President: - Hon'ble Dr. R. G. Atram

Director, Govt. Institute of Science, Nagpur

Venue: - Sabhagruha (Rom no. 45) First floor, Govt. Institute of Science, Nagpur.

ORGANIZING COMMITTEE

Dr. P. S. Jakhi
Convener
Head Department of Botany

Dr. (Mrs.) S. D. Narkhede
Co-Convener

Dr. S. U. Borkar
Organizing Secretary

Dr. S. S. Bodkhe

Shri. H. R. Pohekar
Treasurer

**Registration- for Delegates- Rs.300/-; Students-Rs.200/-
Time-9.30 am onwards**

Department of Botany, Institute of Science, Nagpur organized One day Symposium on “Biodiversity of Past” on 22nd January 2016. Inauguration ceremony was held in Sabhagruh (Room No. 45) of Institute of Science, Nagpur. Dr. G. V. Patil, Former Vice Chancellor, Sant Gadge Baba Amravati University, and Amravati were the chief guest on this occasion. Dr. Steven Manchester, Professor and Curator, Florida Museum of Natural History, University of Florida (U. S. A.) delivered Key-note address. Nearly 50 faculties of various colleges participated in the Symposium. On this occasion Dr. A. A. Saoji, Former Director, Institute of Science, Nagpur, Dr. S. A. Kalkar, Regional Joint Director, Amravati region were also present. During the Symposium Dr. Shyam Shrivastav, Director, Birbal Sahni Memorial Museum, Lucknow spoke on Paleobotanical diversity. The Valedictory function was held at Sabhagruh (Room No. 45), Dr. R. G. Atram, Director, Institute of Science, Nagpur, presided over the function. The program concluded with distribution of certificates to participants.

One day workshop on ARENA software was organized by the department of Statistics on 9th Aug, 2016.

Dr. Parag Dhumal, Associate professor University of Wisconsin Parkside, Kenosha, U.S. was the resource person

Dr Parag Dhumal delivering lecture during ARENA software workshop

Speech by Mr. Jimmy Rao

Arena Simulation Software is the most used Discrete Event Simulation Software in the world. Students who have Arena experience possess a valuable skill sought after by many companies. With Arena training, students are introduced to the principles of simulation which will enhance their problem-solving skills by conducting effective simulation modeling, analysis, and research projects. Simulation concepts are understood quickly and easily through a simple flowchart modeling approach.

Arena is used by many large companies engaged in simulating business processes. Some of these firms include General Motors, [UPS](#), [IBM](#), [Nike](#), [Xerox](#), [Lufthansa](#), [Ford Motor Company](#), and others..

Use of statistical software is a must for handling large data sets and for carrying out complex statistical analysis. In view of various advantages and utility of ARENA software , one day workshop on ARENA software was organized by Department of Statistics, Institute of Science ,Nagpur on 9th August 2016.Dr. Parag Dhumal,Associate Professor, University of Wisconsin Parkside, Kenosha, United States, was the resource person .

All teachers and M.Sc.II students participated in workshop.The workshop was beneficial to all teachers and students.

One day Special Training on "Financial Literacy Program" Organized by Library and Dept. of Computer Science in association with SEBI

GOVERNMENT INSTITUTE OF SCIENCE, NAGPUR

You are cordially invited for
Special Training
on
"Financial Literacy Programme"
Organized by
Dept. of Library &
Dept. of Computer Science
in Association with
SEBI
(Security Exchange Board of India)

21st Sept-2016 12.15 pm

Guest Speakers
Ms. Shruti Agrawal & Team

President
Hon'ble Dr. R. G. Atram
Director, Govt. Institute of Science, Nagpur

Venue: - Sabhagruha (Rom no. 45) First floor, Govt. Institute of Science, Nagpur.

One Day special training program on “Financial literacy” was organized by department of Library and Computer Science in association with SEBI and IQAC, Institute of Science, Nagpur on 21st September 2016. Ms. Shruti Agrawal was guest speaker on this occasion. She explained the Financial planning. Dr. R. S. Lihitkar, Head, Dept. of Library, introduced the guest speaker. Dr. R. G. Atram was chaired the session. The 35 faculties of various departments took advantage of the session.

**REPORT OF PATENT AWARENESS PROGRAMME
(21st September 2016)**

Felicitation of Dr. Chhaya Satpute during Patent awareness Program

The patent awareness program was organized at Institute of Science Nagpur on 21st September 2016 by IQAC of Institute. Several people from other colleges, research students and all faculties of Institute took benefit of this program.

Dr R. G. Atram, Director of Institute of Science welcomed the dignitaries and the participants. The program was inaugurated by the Chief Guest, Dr. Chhaya Satpute, Documentation Manager, Rajiv Gandhi Institute of IPR, Nagpur. In her speech, she stressed the need for registering patents and explained the utilities of such activity and explained how patents can also registered and assigned just the same way as any other immovable property and stressed its importance in the light of new agreements such as TRIPS and WTO.

The President of Programmed Dr. Atram sir spoke about how inventors in the past had helped technological and social development.

At the end people appreciate the idea of Dr. Sushama Narkhede, Coordinator IQAC for her nice idea to organized talk on such a important topic.

ENTREPRENEURSHIP DEVELOPMENT (MCED)

(ISO : 9001:2008 Certified Organization)

UDYOG BHAVAN, 1ST FLOOR, CIVIL LINES, NEAR HIGH COURT, NAGPUR - 440 001
Ph. 07740362323 M. 7774036232

WHO CAN PARTICIPATE?

Nominations are invited from faculties in engineering, polytechnics and Science colleges. The nominees are expected to have strong desire and commitment to promote entrepreneurial values and practices among accurate time and other related resources for the cause of entrepreneurship development.

FEES

Programme fees only is Rs. 1500/- per participant (Excluding Service Tax) Which includes one year Udyojak Subscription. This includes course material, lodging & boarding expenses. Participants should send their DD in favour of MCED, Nagpur / cash at PROJECT OFFICER, MCED, UDYOG BHAVAN, CIVIL LINES, NAGPUR - 440001

ABOUT MCED

Maharashtra Centre of Entrepreneurship Development is promoted by Govt. of Maharashtra & the frontier for social change in Maharashtra since 1988, MCED works as a catalyst of developing successful Entrepreneurs for social advancement. MCED Strives to foster nationwide environment through which entrepreneurs get information and tools for success. MCED promotes entrepreneurial capabilities at all levels. MCED works with leading institutions and researchers nationwide to create awareness for the powerful economic impact of entrepreneurship, to develop and disseminate proven programmes that enhances entrepreneurial skills and abilities, and improves the environment in which entrepreneurs start and grow business. MCED has ambitious goals in the crucial, sector of IT Education. MCED works relentlessly for improving the technological advancement of underprivileged youth. MCED has a panel of energetic and committed facilitators and trainers, who approach their philanthropic efforts with characteristic zeal and wisdom enough to document their intentions for the trainees to follow for years to serve as the driving force in all efforts.

ABOUT THE PROGRAMME

In our country, the crucial issue of diverting engineering student towards entrepreneurship emerged in the late sixties in the context of slow-down in economic growth and resultant mass scale unemployment especially among engineering graduates.

Since then, a tendency has grown among all concerned to position "Entrepreneurship" as an effective panacea to overcome unemployment problem and as a promising alternative career choice. Though the above mentioned concerns have induced initiation of various steps directed towards the engineering students, stimulating them to varying extent to take up entrepreneurial activities, their prenominal concerns have always been inclined towards job-employment.

Thus, in the long run, the earlier line of positioning has limited the scope and extent of development of entrepreneurship among engineering students and stunted its fuller expression and natural growth. This therefore calls for a bold and radical shift in the thinking and approach to reposition the concept as-DEVELOPMENT OF TECHNO-ENTREPRENEURSHIP.

The NSTEDB, DST(GOI)New Delhi was seized of the same and have been taking various initiatives for accelerating the process ever since the seventies. It is in the above context that this faculty development programme for faculty members of engineering colleges, technical institutions is organised in Nagpur.

PROGRAMME OBJECTIVES

The FDP will facilitate the hearing process of faculty members in Engg. Colleges, Polytechnic, Science & Technology colleges for Entrepreneurship Development. And our efforts will be to develop them as Resource Person in identifying, training, motivating, guiding, young students to take up Entrepreneurship as their first career choice.

1. To facilitate faculties in understanding core concepts of entrepreneurship and various dimensions of entrepreneurship development.
2. To help faculties and management of polytechnic and engineering colleges for creating an environment of polytechnic and engineering colleges for creating an environment conducive for speedy development of entrepreneurship among their students.
3. To create an interface between academic institutions and industry, which can help students for taking up entrepreneurial ventures.
4. To explore the avenues for integrating pursuit of academic excellency with Entrepreneurship development process.
5. To sharpen the delivery skills of faculty members.

PROGRAMME CONTENTS

The programme has been conceived in three parts. viz
Part A : Issue pertaining to entrepreneurship Development Process.

- * Understanding achievement related motivation and matters pertaining to developing entrepreneurial competencies among students.
- * View on current scenario and scope for future markets.
- * Government initiatives in developing SME and insight into industrial environment with focus on process of establishing SME
- * Role of Financial Institutions.
- * Exposure visits, Interaction meet with entrepreneurship, officials, and bankers. Part B : Strategies for effective implementation of techno- entrepreneurship Development in educational institution This includes:
The need and scope for development of entrepreneurship among the students.
- * Factors affecting growth of entrepreneurship in society in general and among students in particulars.
- * Strategies for inculcating entrepreneurial values and practices.
- * Insight into industrial environment with focus on process of establishing SME
- Part C : Presentation of models for implementation of techno entrepreneurship development.

TRAINING METHODOLOGY

It includes use of conventional as well as non-conventional ways of learning and training. Although classroom lecture methods is a convenient mode, Theoretical Sessions, Group discussions, Simulation exercise, Case studies, Interactions, Unit Visit.

PROGRAMME DURATION

Timing, Duration & Type of Programme: It is a 12 days full time Residential programme. (9.30 a.m. to 5.30 p.m.) Scheduled dates are 29th November To 10th December 2016

FACULTY PROFILE

- * Trainers/Motivators/Behaviors Scientist
- * Experts from Industry
- * Financial Institution Members
- * Government Official
- * Banking Officials

THE VENUE

Institute of Science College,

Group photo of faculties of different colleges with Mr. Suhas Budhe Secretary Vidarbha Industrialist association and Director Dr. R. G. Atram.

In the collaboration with Maharashtra Centre for Entrepreneurship Development (MCED) Nagpur, Govt. Institute of Science organized Two Week Faculty Development program in Entrepreneurship for faculties of Engineering, Polytechnics and Science Colleges on 13th to 24th December 2016 at our Institute. This program was sponsored by DST and NSTEDB Government of India.

Program had been conceived in three part. Viz

Part-A: Issue pertaining to Entrepreneurship development process

Part-B: Govt. initiatives in developing SME and insight into industrial environment with focus on process of establishing SME

Part-C: Presentation of models for implementation of techno entrepreneurship development.

It includes use of conventional as well as nonconventional ways of learning and training. Although classroom method is convenient mode, theoretical sessions, group discussions, simulation exercise, case studies, interaction, and field visit of industries.

Objectives of programme was

1. Faculty Development Program (FDP) aims at equipping the teachers with skills and knowledge that are essential for inculcating entrepreneurial values in students and guiding and monitoring their progress towards entrepreneurial career.
2. Create an awareness of the need and importance of entrepreneurship.
3. Impart knowledge and develop skills in diverse training methods in imparting training to students and entrepreneurs.
4. Plan curriculum that can imbibe the skills and competencies to achieve goals directed by values, have a positive attitude and have the ability to cope with the changing times.
5. Develop teachers with an entrepreneurial and professional mindset.
6. Make them aware about promotional financial & regulating schemes for Micro Small and Medium Enterprise (MSME).
7. Guide them for techniques of preparation of feasible & viable project.
8. Guide them for "Techniques of proposal preparation.

We were fulfilling all the goal and objectives for this program. We had nearly about 27 participants from faculties of college from Nagpur region. And best thing is that from our staff 10 faculties took benefited of it. For that we are very much thankful to Mr. H. R. Waghmare project officer MCED for their excellent effort and guidance to make this program successful. Program was conducted under the chairmanship of Dr. R. G. Atram sir and Dr. Sushama Narkhede was Coordinator for it. On valedictory Dr. Suhas Budhe

Pre-conference Workshop to Sensitize Community
On

“Integrated Solid Waste Management Practices in Developing Countries”

Jointly Organized by
National Environmental Engineering Research Institute (NEERI), WTERI,
Govt. Institute of Science, Nagpur and
Govt. Institute of Forensic Science, Nagpur
In Association with
Swachh Nagpur and Mohata Alumni Association

Date: 6th April, 2017
Time: 9:30 AM to 5:00 PM
Venue: Chitnavis Centre, Civil Lines, Nagpur

Sponsors :

International Conference
“Integrated Solid Waste Management Practices in Developing Countries”

About Pre Conference Workshop

The aim of this conference is to create awareness in the areas of solid waste management with involvement of experts, scientists, researchers, policy makers, consultants, technologists and service providers working in this domain.

In India, the solid waste is disposed off by open dumping posing environmental threat and health hazards. Moreover, most of the dumping sites are saturated and therefore it will be inevitable to search for appropriate technological options which are sustainable for its proper management. The Waste-to-Energy plant can be a solution for this growing problem for metropolitan cities. In India, the waste is processed without segregation, due to which most of the recyclable materials goes to dumping site, which adversely affects the recyclable material market. The new Solid Waste Rule 2016 provides segregation of waste at source and implementation of waste to energy project. This conference will bring a new platform for discussion related to various issues of waste management among the experts, entrepreneurs, technology developers and waste managers of the Urban Local Bodies, researchers and academicians and will certainly have coverage on best suited and viable option for municipal solid waste management (MSWM).

To sensitize the community about the effective management of solid waste is the aim of this Pre Conference Workshop. Experts from different fields will share their work and views on the theme of Waste Management.

Schedule of the Pre Conference Workshop

09:00 AM	Registration/Breakfast
10:00 AM	Inauguration
10:30 AM	Keynote Address by Dr. Rakesh Kumar, Director, NEERI
10:50 AM	Management of Municipal Waste by Dr. Ramnath Sonawane , Additional Commissioner, NMC
11:10 AM	Fly Ash Management by Dr. Sudhir Paliwal , MAHAGAMS
11:30 AM	High Tea for Guest
11:45 AM	Technical Session 1
01:45 PM	Lunch
02:15 PM	Technical Session 2
04:00 PM	Valedictory Function

Inauguration

At the hands of
Mrs. Nanda Jichkar
Mayor
Nagpur Municipal Corporation

Chief Guest
Dr. Anup Kumar, IAS
Divisional Commissioner, Nagpur

Keynote Speaker
Dr. Rakesh Kumar
Director, CSIR-NEERI

President
Dr. A. D. Sawant
President-India, WTERI

Speaker

Dr. Ramnath Sonawane Additional Commissioner NMC, Nagpur	Dr. Pratul Tayde Manager MEDA, Pune
Dr. Sudhir Paliwal Director MAHAGAMS, Nagpur	Dr. Hemant Jambhekar Director Puri Waste Management
Shri. Vishnu Manohar MATTRI Parwar	Shri. Atul Zoting Director Superb Hygiene Disposals

Shri. Makarand Pandhripanthe
Vice President
Rajendrasingh Science Exploratory

Date: 6th April, 2017
Time: 9:30 AM to 5:00 PM
Venue: Chitnavis Centre, Civil Lines, Nagpur

'Segregation of waste should be first step of its management'

Dr. Prathal Tayade gave a wonderful presentation of the contribution of MEDA in solid waste management concept.

Dr. Ramesh Kumar, Director of NEERI, said that the segregation of waste and technology should address the particular aspect of the waste management in the cities would look smaller. These things were followed in the past.

Dr. Prathal Tayade said, "We are happy to see the interest of the citizens towards the waste management. We have to educate common public. Segregation of waste is not given much importance. Apex Court brought this concept in its judgments. We have to reach people of reducing waste."

Dr. Prathal Tayade gave a wonderful presentation of the contribution of MEDA in solid waste management concept. Dr. Ramesh Kumar, Director of NEERI, said that the segregation of waste and technology should address the particular aspect of the waste management in the cities would look smaller. These things were followed in the past. Dr. Prathal Tayade said, "We are happy to see the interest of the citizens towards the waste management. We have to educate common public. Segregation of waste is not given much importance. Apex Court brought this concept in its judgments. We have to reach people of reducing waste."

One day Pre-conference workshop to sensitize community on 'Integrated solid waste management practices in Developing countries' was organized on 6th April 2017 at Chitnavis centre, Nagpur. This workshop was jointly organized by NEERI, Govt. Institute of Science, Nagpur, Govt. Institute of Forensic science, Nagpur, NGOs-Swatcch Nagpur and Mohota Alumni association. NMC Mayor Mrs. Nanda Jichkar; Dr. Anoop Kumar, Divisional Commissioner NMC; Dr. Rakesh Kumar, Director NEERI; Dr. Prafful Tayade, Manager, MEDA, Pune; Dr. A. D. Sawant, President, WTER, Dr. Atram Director Institute of Science; Dr. R. Khobragade, Director Govt. Institute of Forensic science, Nagpur; renowned scientists , social workers and students shared their views in this workshop. Most of the speakers are of opinion that, segregation and treatment at root level. is the need to control hazards developed by waste mis-management. Dr. Atram in his introductory speech said that clean environment is the right of every person. Since solid waste management is a very big issue, it requires immediate attention. In nature, nothing is waste but actually it is a wealth. Mayor Mrs. Jichkar in her inaugural speech, expressed that awareness, knowledge should be developed at the root level in society. Coordination and communication in society can only solve the problem of waste management.

Chief guest Dr. Anoop Kumar said that systematized and organized efforts are required, to handle solid waste. Technology has to develop, to process organic waste at micro level. Dr. Tayade MEDA, Pune also stressed to modify the technology. Dr. Rakesh Kumar, Director, NEERI, in his key note address, urged the audience to trace the origin of problem. He said that coordination of different people, innovation and design aspects are necessary for Nagpur city. Dr. Sonawane, Additional Divisional Commissioner ,NMC works for ' Swatcch Bharat abhiyan', said that , Civic sense responsibility is lacking in society. Waste should not be treated as liability.

Dr. Sawant said that though the policies are good but the success is not there. Take it as mission. Incentive, benefits should be given to motivate the people. Mr. Vishnu Manohar, a author of 'khadya sanskruti' and famous chef, informed the audience how the technology is used to convert leftover food into manure. Dr. Jambhulkar from Purti told about their 'Purtamino' a growth promoter product, created from hair. They proved that, Amino acids generated from hair are useful in increasing the agriculture yield. Dr. Pandharipande while talking on waste management, stressed on application of 3R's i.e. Reduce, Re-use and Re-cycle. Dr. Sumedha Puranik, who not only uses but also promotes the use of agricultural waste for the cultivation of edible mushroom,. Dr. Nandkishor Gandhi, a brand Ambassador of Swacchta abhiyan is associated with ME2WE foundation, also shared his contribution to create awareness in this field. He urged people to create manure from waste, at its root level. Dr. Kashikar, from Ballarpur paper mill, said that 100% solid waste generated in this paper mill is recycled. Dr. Leena Buddhhe associated with NGO 'Centre for sustainable development', talked about the severity of e-waste. She said that, India ranks 5th in e-waste generation. In Nagpur 95% e-waste is recycled by informal sector. These workers are ignorant, about the hazards they are facing during their work. There is urgent need to develop innovative model for e-waste treatment. Dr. Pranav Nagarnaik from NEERI works on pharmaceutical and Cosmetic waste. According to Dr. Nagarnaik, drugs which are expired and the new drug molecules which not metabolized, left untreated, accumulate in ecosystem and create an eco-problem. These molecules are responsible for developing severity like antibiotic resistance, antifertility, cancer, neurological disorders and kidney failure. Regulation, awareness about disposal, is required. Dr. Kawadkar from Govt. Institute of Science, Nagpur explained the types and hazards of Biomedical waste. Dr. Zoting of Superb Management- the organization, explained about the treatment of biomedical waste. Dr. Bodakhe from Govt. Institute of Science, Nagpur explained about the severity caused by open disposal of nirmalya. She discussed how nirmalya can be treated by vermin-composting. Dr. Jadhav from Govt. Institute of Forensic Science, Nagpur discussed the vermi-composting technique. Dr. A.D. Sawant, President WTERT, Dr. K.G. Patil, Dr. Swati Kaushik, Dr. Bhanu from Institute of Science, Nagpur and Dr. Seema Ubale from Dharampeth Science College, Nagpur conducted the discussion session. Dr. Khobragade, Director, Govt. Institute of Forensic Science and Dr. Sangawar, Professor, Institute of Science also shared their views at Valedictory function.

One Week STTP Training Program, on "Recent Advancement in Environmental Engineering, Science and Chemistry: A Multidisciplinary Approach"

Eligibility Criteria:

Faculty members, students, consultants, research scholars from academic institutions, research centers and professionals from industries.

Registration details

Cash or Cheque or DD drawn in the name of "Principal PIET, Nagpur" payable at Nagpur should reach on or before **9th Oct. 2017** along with the registration form.

Registration Fees:

For Academician and Professionals: **INR. 1,200/-**
For Students/Research Scholars: **INR. 1,000/-**

Venue:

Sir Visvesvaraya Seminar Hall, Ground Floor, Priyadarshini Institute of Engineering & Technology Near C.R.P.F. Campus, Hingna Road, Nagpur-440019.

Program Timing: 10.30 AM- 5.00 PM

About the STTP

The aim of the Short Term Training Program is to develop skill in the area of Environmental engineering Science and chemistry as per the requirements of the Industry, research and Academia. The program will encompass expert lectures, training and demonstration of tools and techniques of Environmental Science, science and Engineering along with multidisciplinary areas.

Program Objectives

- This training course has been designed especially for the young faculty members, research scholar & students; teaching & studying in multidisciplinary areas of technology and science across India pertaining to Environment.
- Program aim and objectives are to provide basic training and technical support in the broad area of Environment to different departments, organizations and industry along with multidisciplinary approach.
- The STTP include the lecture series, industrial visit and hands on by eminent personalities focused on the concepts and applications of Environmental science and technology.
- The STTP will promote interactions with Laboratory scientists, Technocrats, Industry experts, Faculty and Consultants through an immersion in the field of environment.

About Us

Priyadarshini Institute of Engineering & Technology, a premier Institute managed by Lokmanya Tilak Jankalyan Shikshan Sanstha, established in 1999, is

Sponsors: Bioraj Laboratories, Nagpur

one of the leading Engineering colleges in Maharashtra state for over 18 years, it has successfully nurtured engineering professionals aspiring to higher technical education. The Department of Chemical Engineering was established in 1999-2000 with a view of imparting state of the art education in the cutting edge technologies of the world. The sanctioned intake in the 1999 was 60 students per year. The Department has since then seen tremendous growth in all aspects. The chemical engineering department is housed in an ultramodern complex, and having well equipped laboratories with modern equipment. It is only Chemical Engineering department Accredited by NBA, New Delhi in the RTM Nagpur University region amongst all affiliated Engineering Colleges. Chemical Engineering Department got AICTE approved Post Graduation Course M. Tech in Chemical Engineering during the year 2010-11 with the intake of 18 Students per year. The Department also got RTMNU recognition for Research work in Chemical Engineering (PhD).

Resource Persons and Key-note speakers:

Dr. Rajesh Gupta, VNIT, Nagpur
Dr. Sadhana Raylu, CSIR-NEERI, Nagpur
Dr. N.K. Labhasetwar, CSIR-NEERI, Nagpur
Dr. R.P. Ugwekar, IIT, Nagpur
Mr. M. J. Chaddha, JNRDC, Nagpur
Dr. K.L. Wasewar, VNIT, Nagpur
Dr. P.B. Dhamole, Professor, VNIT, Nagpur
Dr. A.N. Vaidya, Scientist, NEERI, Nagpur
Dr. C.A. Moghe, Institute of Science, Nagpur
Ms. Anagha Patil, Institute of Science, Nagpur
Dr. Balashaheb Deshmukh, JSW, Nagpur.
Shri. M.A.K. Naidu, IBM, Nagpur.
Shri. N.S. Lohalkar, MPCB, Nagpur,
and various emirate's professionals, consultants and scientists from well-known Institutes.
