PREAMBLE:

This Memorandum of Understanding (hereinafter referred to as "MOU") is made and entered into on this 09th Oct. 2023, by and between Institute of Science, Nagpur, a duly established and recognized educational institute, having its Principal office at Ravindranath Tagore Road, Civil Lines, Nagpur-440001.(hereinafter referred to as "IoSN") and Government College of Engineering, Amravati. (Here after referred to as "GCOEA"), a prestigious educational institution under the auspices of the Government of Maharashtra, situated at Amravati, Maharashtra, India. Whereas IoSN is the autonomous Institute affiliated to Rashtra Sant Tukadoji Maharaj Nagpur University and GCOEA is autonomous Institute affiliated to Sant Gadge Baba Amravati University imparting engineering education.

The Government of Maharashtra has mandated autonomous institutes to adopt the National Education Policy (NEP-2020) from the current academic year i.e. 2023-24.

Both institutions recognize the importance of providing high-quality education and fostering academic excellence among their respective students. Both institutions aim to enhance their academic, research, and cultural activities through mutual cooperation and exchange of knowledge and experiences.

Both institutions seek to establish a framework for collaboration to promote joint programs, academic projects, and research activities that will benefit students, faculty, and staff of both institutions.

NOW, THEREFORE, in consideration of the mutual promises and covenants contained herein, the two educational institutions agree as follows:

ARTICLE 1: OBJECTIVES

The primary objective of this MOU is to foster collaboration and mutual cooperation between IoSN and GCOEA in implementing the National Education Policy (NEP-2020) to enhance the quality of Science and engineering education and create an atmosphere of academic excellence.

ARTICLE 2: AREAS OF COOPERATION

The areas of cooperation under this MOU shall include, but not be limited to:
Sharing of Faculty Expertise: The parties agree to facilitate the exchange of knowledge and expertise between their faculties through guest lectures, workshops, seminars and other academic events.

Curriculum Design and Development: Both parties will collaborate on redefining the schemes and syllabi of various Science and Engineering programs to align with the principles and objectives of NEP-2020.

Research and Innovation: Both parties will encourage and support joint research projects, sharing of research findings, and the promotion of innovation in Science and Engineering education.

Faculty and Student Exchange: Opportunities for faculty and student exchange shall be explored to enhance cross-learning and cultural understanding.

Sharing of Best Practices: Both parties will share experiences, best practices, and approaches for the effective implementation of autonomy and NEP-2020.

ARTICLE 3: IMPLEMENTATION

A Joint Committee comprising representatives from both institutions shall be constituted to oversee the implementation of this MOU.

The Joint Committee shall meet at least twice a year, or as needed, to review progress and propose further activities.

Both institutions shall work collaboratively to define the scope and extent of cooperation in each of the identified areas.

ARTICLE 4: CONFIDENTIALITY

Any confidential information disclosed or exchanged between the parties during cooperation under this MOU shall be kept confidential and shall not be disclosed to any third party without prior written consent.

ARTICLE 5: TERM AND TERMINATION

This MOU shall be in effect for a period of 5 years, commencing on the date of its execution by both parties.

Either party may terminate this MOU by providing written notice to the other party at least thirty days before the intended termination date.

ARTICLE 6: NO FINANCIAL OBLIGATION

This MOU does not impose any financial obligations on either Party. Each Party shall bear its own expenses related to activities under this agreement unless otherwise agreed upon in writing.

ARTICLE 7: AMENDMENTS

Any modifications or amendments to this MOU shall be made in writing and shall be mutually agreed upon by both parties.

ARTICLE 8: GOVERNING LAW

This MOU shall be governed by and construed in accordance with the Government rules and regulations.

IN WITNESS WHEREOF, the duly authorized representatives of the two educational institutions have signed this Memorandum of Understanding as of the date first written below.

Memorandum of Understanding (MoU)

This Memorandum of Understanding is entered on this 30th day of January 2024,

Between

Council of Scientific and Industrial Research, a society registered under the Societies Registration Act (XXI of 1860) and having its registered office at Anusandhan Bhavan, 2, Rafi Marg, New Delhi - 110 001 through Director, National Environmental Engineering Research Institute, having its office at Nehru Marg, Nagpur-440020 (hereinafter called as 'CSIR-NEERI', which expression shall, unless repugnant to the context or meaning thereof be deemed to mean and include its successors and permitted assigns) of the one part,

And

Institute of Science Nagpur, an autonomous Institute of Government of Maharashtra a premier institution established in 1906 affiliated to RTM Nagpur University having registered office at RT Road, Civil Lines Nagpur 440001 through Director, Institute of Science Nagpur (hereinafter called as 'INSTITUTE OF SCIENCE NAGPUR', which expression shall unless repugnant to the context or meaning thereof be deemed to mean and include its successors and permitted assigns) of the second part.

In the spirit of intellectual cooperation, scholarly exchange, and partnering with leading institutions, **Institute of Science Nagpur and CSIR-NEERI** agree to establish a program of exchange and collaboration on related matters of mutual interest.

1. The purpose of the cooperation is to promote collaborative research and to facilitate the exchange of ideas, development of new knowledge and enhance high quality research acumen. The major thrust of the research on which the parties will cooperate is Chemical Science, Environmental Science, Mathematical Science, Physical Science, Life Science & Engineering.
2. The scope of this MoU is purely for the Academic purpose only. The MoU is non-binding in nature and there will not be a financial obligation on either party. The MoU shall not be used for any outsourcing activities among the parties. The scope of this MOU is limited to Academic activities and the MOU is non-binding in nature, no financial obligations, no outsourcing activities between the parties.
3. The activities under this co-operation will include:
 - a. Promote institutional exchange of faculty and student researchers of the partner institution to participate in appropriate 'Teaching & Research' activities.
 - b. Organize Seminar, Symposia, Conferences on mutually agreed emerging areas;
 - c. To undertake research activities
 - d. To undertake Guidance and supervision of Doctoral, Post Graduate Project/dissertation work, and also trainee interns

Any of the above work is hereafter referred as '**ACTIVITY**'.

4. Prior to the initiation of any particular Activity, the specific terms of cooperation and exchange (TOR) for that activity will be discussed and agreed upon in writing by the appropriate responsible representatives with the approval of competent authorities of both institutions.
5. Both parties understand that any financial requirement for specific activities like Seminar, Symposia, Conferences etc. must be mutually agreed upon between the parties
6. The activity of institutional exchange of faculty, student, researchers and guidance and supervision of Doctoral, Post Graduate Project/dissertation work, and also trainee interns will be governed by the prevailing rules and guidelines of the host Institute. The parties will have to bear their own cost of expenses required for this activity.

7. For Research project:

- i. Either party may propose to the other party for specific individual research projects for joint research project with mutually agreed terms and conditions for funding to organization like DBT/DST. The disbursement of funds from sponsoring agency shall be individually to respective organization.
- ii. Such proposal may be made at any time and the parties will develop an project specific agreement for each project.
- iii. The Protection, Utilisation, Expenses (filing & maintenance) of any intellectual property arising out of a research project will be addressed in each project specific agreement.

8. The parties shall consult each other for any publication in respect of the activity. These publications shall be in the names of research workers from both the parties contributing to the activity.

9. Each Party agrees to release and hold the other harmless from and against any claims, damages, liability or costs, to the extent such claims damages, liability or costs do not arise from the negligent or wilful acts or any of its agents or employees in connection with their respective performance under this MoU.

10. Both parties agree that in the course of implementing this MoU, they will not engage in unlawful discrimination on the grounds of race, gender, sexual orientation, age, religion, social class, national or ethnic origin or disability.

11. Amendments to this MoU may be made at any time after consultation and agreement between the two institutions. Any such amendment must be in writing and signed by both parties.

12. This MoU will remain in force for a period of 5 (Five) years from the date it is fully executed. The MoU can also be suitably modified, as agreed to by both the parties, to reflect an increased scope, nature of engagement /activities including financial commitments, if any. Prior to the expiration date, the MoU may be reviewed for possible renewal for a further 5 years period. In addition, either party may terminate the MoU in advance of its normal expiration by providing the other with six months' prior written notice. However, for early termination of MoU, all the ongoing activities will continue till completion of commitments and obligations of the activity.

13. Any dispute between the parties arising from this Agreement shall firstly be settled amicably through negotiations and dialogue in good faith, failing which;

- In the event of any question/dispute /difference arising under the agreement or in connection herewith (except as to matters the decision of which is specially provided under this agreement) the same shall be referred to the Delhi International Arbitration Centre (DIAC) for appointment of Arbitrator to adjudicate the dispute.
- The award of the Arbitrator shall be final and binding on the parties. The Arbitrator may give interim award(s) and /or directions, as may be required.
- Subject to the aforesaid provision, the arbitration and conciliation Act, 1996 and the rules made hereunder and any modification thereof from time to time being in force shall be deemed to apply to the Arbitration proceedings under this clause.

This MoU has been executed in two originals; one of these has been retained by CSIR-NEERI, Nagpur and the other by Institute of Science Nagpur.
