Girls and Boys Library Reading Room

Computer Labortary

A separate Common Entrance Test (CET) centre has been started for government colleges and government institutions for online common entrance examinations organized by the State Common Cell, Maharashtra Government in the library of the Institute of Science, Nagpur. A modern air-conditioner computer laboratory has been set up. After the Maharashtra Government Entrance Examination, this laboratory is available for use by the students of the Institute of Science and all the online examinations of the Institute of Science are conducted in this computer lab.
