

YEARLY STATUS REPORT - 2022-2023

Part A

Data of the Institution

1.Name of the Institution		Institute of Science, Nagpur
• Name of the Head of the institution	Dr. Anjali M. Rahatgaonkar	
• Designation	Professor	
• Does the institution function from its own campus?	Yes	
• Phone No. of the Principal	07122565581	
• Alternate phone No.	9665054180	
• Mobile No. (Principal)	7774080442	
• Registered e-mail ID (Principal)	ioscnagpur@gmail.com	
• Address	R.T. Road Civil lines Nagpur	
• City/Town	Nagpur	
• State/UT	Maharashtra	
• Pin Code	440001	
2.Institutional status		
• Autonomous Status (Provide the date of conferment of Autonomy)	12/03/2021	
• Type of Institution	Co-education	
• Location	Urban	

• Financial Status	UGC 2f and 12(B)				
• Name of the IQAC Co-ordinator/Director	Dr. Sujata S. Deo				
• Phone No.	07122565581				
• Mobile No:	9665054180				
• IQAC e-mail ID	iqaciosc@gmail.com				
3.Website address (Web link of the AQAR (Previous Academic Year)	https://www.iscnagpur.ac.in/pdf/AQAR_2021-22.pdf				
4.Was the Academic Calendar prepared for that year?	Yes				
• if yes, whether it is uploaded in the Institutional website Web link:	https://www.iscnagpur.ac.in/pdf/Academic_Calendar_2022_23.pdf				
5.Accreditation Details					
Cycle	Grade	CGPA	Year of Accreditation	Validity from	Validity to
Cycle 3	A	3.07	2019	14/06/2019	13/06/2024
6.Date of Establishment of IQAC			01/07/2000		
7.Provide the list of Special Status conferred by Central and/or State Government on the Institution/Department/Faculty/School (UGC/CSIR/DST/DBT/ICMR/TEQIP/World Bank/CPE of UGC, etc.)?					
Institution/ Department/Faculty/School	Scheme	Funding Agency	Year of Award with Duration	Amount	
Institute of Science Nagpur	CPE	UGC	21/07/2010	1 Crore	
8.Provide details regarding the composition of the IQAC:					
• Upload the latest notification regarding the composition of the IQAC by the HEI	View File				
9.No. of IQAC meetings held during the year	9				

<ul style="list-style-type: none"> • Were the minutes of IQAC meeting(s) and compliance to the decisions taken uploaded on the institutional website? 	<p>Yes</p>
<ul style="list-style-type: none"> • If No, please upload the minutes of the meeting(s) and Action Taken Report 	<p>No File Uploaded</p>
<p>10. Did IQAC receive funding from any funding agency to support its activities during the year?</p>	<p>No</p>
<ul style="list-style-type: none"> • If yes, mention the amount 	
<p>11. Significant contributions made by IQAC during the current year (maximum five bullets)</p>	
<p>Online data for NIRF ranking in the category of Colleges was filled and Institute of Science, Nagpur was ranked 83rd in College category by the Ministry of Education, Government of India.</p>	
<p>Online Seminar on IPR was organized by IQAC in collaboration with Physical Education departments. Workshops were conducted by different departmental committees.</p>	
<p>Eight MoU's were signed by Institute of Science and different organizations for collaborating research and academics for the benefit of Students research fellows and teachers.</p>	
<p>Board of Studies (BoS) meetings was organized by different departments and got approval of the agenda items kept for the meeting. Academic Council (AC) meeting was organized and got the agenda items approved by the members.</p>	
<p>Syllabus of B.Sc. Sem. I and II was modified as per the Direction No. 4 of 2022. AQAR for the year 2021-22 was prepared and was submitted online to NAAC Bangalore. Academic calendar was prepared for the session 2022-23 and followed accordingly.</p>	
<p>12. Plan of action chalked out by IQAC at the beginning of the academic year towards quality enhancement and the outcome achieved by the end of the academic year:</p>	

Plan of Action	Achievements/Outcomes
<p>1.To prepare AQAR for the year 2021-22 and submit to NAAC by due date. 2.To prepare academic calendar 2022-23 and to follow it accordingly. 3. As Academic Autonomy was granted to the Institute in March 2021, organization of sequential meetings of BoS, Academic Council and BoG. 4. Modification of Syllabus of B.Sc. Sem. I and II as per the Direction No. 4 of 2022. 5. To direct the COE to conduct examinations and its related work on time following the academic calendar and declaration of results on time now being an autonomous institute. 6.To apply for NIRF ranking in the category of Colleges. 7. To work for the implementation of NEP-20 as per the guidelines of Government of Maharashtra. 8. To form various college committees like WDC, ICC, LACF, etc. involving students in order to enhance the overall development of the students. 9.To organize online/offline Conferences/Seminars/Workshops on different topics. 10.To organize online/offline Induction meeting for newly inducted semester I Students of UG and PG as per guidelines. 11.To enhance the number of MOU's, Consultancies & Collaboration with different agencies with respect to research, faculty and student exchange. 12. To appoint Faculty members as mentors. 13. Publication of annual magazine</p>	<p>1. AQAR for the year 2021-22 was prepared and was submitted online to NAAC Bangalore. 2. Academic calendar was prepared for the session 2022-23 and followed accordingly • 3. Board of Studies (BoS) meetings was organized by different departments and got approval of the agenda items kept for the meeting. • Academic Council (AC) meeting was organized and got the agenda items approved by the members. 4. Syllabus of B.Sc. Sem. I and II was modified as per the Direction No. 4 of 2022 5.Though first year of this autonomous institute the COE efficiently conducted all examinations of UG and PG on time and results were also declared immediately. 6. Online data for NIRF ranking in the category of Colleges was filled and Institute of Science, Nagpur was ranked 83rd in College category by the Ministry of Education, Government of India. 7. All the departments worked for implementation of NEP-20 as per guidelines in the Maharashtra government GR's. 8. Various committees were formed and work was done smoothly by all the in-charges and members. Many activities like Expert talks, workshops, awareness programs were organized for the benefits of the students. 9. Online Seminar on IPR was organized by IQAC in collaboration with Physical Education departments. 10. Workshops were conducted by</p>

<p>“Replica” 14.To increase the number of Certificates, Diploma/Value Skill added courses. 15. To collect online feedback and analyze it by Statistics department. 16. Extension of outreach programs through NSS, NCC, Swatch Bharat, AIDS awareness etc. 17. Heads are to be instructed to organize different online / offline programs under departmental societies. 18. Regular updating of Web site of the Institute by the concerned staff. 19. To collect and evaluate the ASA - PBAS from the staff for the session 2022-23. 20. The CCPC will be asked to take steps necessary for campus placements.</p>	<p>different departmental committees. 11. Induction meeting for newly inducted semester I Students of UG and PG was organized successfully. 12. • Eight MoU’s were signed by Institute of Science and different organizations for collaborating research and academics for the benefit of Students research fellows and teachers. • One collaborative activity is ongoing. 13. Faculty members were appointed as mentors. 14. Content of publication of annual magazine “Replica” was given concerned person for typing and is in the process of publishing. 14.Two certificate courses are ongoing one in Statistics and other in the department of Botany. 15. Online feedback was collected and analyzed by Dr. Dhabe mam, Professor and Head, department of Statistics 16. Twenty different programs were taken under this head for enhancing the leadership qualities, social awareness. 17. Numerous programs were organized online and offline by different departmental societies. 18. Web site of the Institute is updated by the concerned staff. 19. ASA - PBAS from the staff for the session 2022-23 is yet to be collected from staff. 20.The CCPC has conducted programs for personality development and more placements.</p>
<p>13.Was the AQAR placed before the statutory body?</p>	<p>Yes</p>

- Name of the statutory body

Name of the statutory body	Date of meeting(s)
BoG	20/02/2024
14. Was the institutional data submitted to AISHE ?	Yes
<ul style="list-style-type: none"> Year 	
Year	Date of Submission
2022-23	17/12/2022
15. Multidisciplinary / interdisciplinary	
<p>Institute of Science, Nagpur is affiliated to RTM Nagpur University Nagpur and has adopted the CBCS pattern since 2018-19 for the PG program. This Institute has got the Autonomous status from UGC and affiliated University in March, 2021 and is likely to implement NEP-2020 as per the regulations and guidelines of Government of Maharashtra and RTM Nagpur University from 2023-24 and follow the same. At present research laboratories in the institution are integrated so that interdisciplinary research and publication can be carried out. 'Environmental studies' is the compulsory subject for all the courses in B.Sc. second year as per the curriculum of this autonomous institute.</p> <p>The institution has following plans for Interdisciplinary or Multidisciplinary approach.</p> <ul style="list-style-type: none"> MOUs with GCOE Nagpur, College of Fine Arts, Nagpur, IFSc, Nagpur and VNGIASS for cluster of colleges: Government colleges are being planned for the formation of Cluster so that interdisciplinary approach is ensured in all programmes including humanities, social sciences and technical subjects besides science. Offering Science Courses for other discipline students: Facilitating students to acquire credits from other disciplines. Induction and counseling of students about the concept of cluster. Existing induction program shall spread the awareness about the concept of cluster. The courses are to be developed and shall be offered to students from partnering institutes. 	

- **Sharing of Human resources and expertise:** Directions to engage resources under Cluster of Colleges shall be formulated. Employability can be enhanced by compelling the students to apply and seek internship in industry of choice and availability. Hands-on training and certification to be provided for skill development.
- **Design and development of multidisciplinary courses:** To avail the holistic multidisciplinary education identification of multi-disciplinary high demand fields is a must. The courses of high demand shall be developed by teachers having expertise in respective fields. The interactions with industry and alumni shall lead to identify the high-demand fields
- **The curriculum is to be planned accordingly,** teaching learning and research activities are to be amended, experiential learning and internship are to be made as the obligatory components.
- **Teacher Assisted Courses by Open-Sources (TACOS):** If the high-demand courses are available on open-source virtual platforms, then the teacher with respective expertise shall facilitate the students to undertake these courses. Training and incentives can be given to the teachers for content creation, digital repository for online education and dissemination.

16. Academic bank of credits (ABC):

Institute of Science, Nagpur an Autonomous institute of the Government of Maharashtra since 2021 is affiliated to RTM Nagpur University Nagpur and as per the National Education Policy-2020, the novel approach of Academic Bank of Credit (ABC) has been open for the students as well as the teachers and going to implemented from 2023-24 to facilitate the academic mobility of students. Our institute has adopted the policy guidelines for the appropriate credit transfer as it is already following the pattern of CBCS adopted by the University. Institute will facilitate the students to undertake credits from partners of cluster of colleges. The controller of examination and evaluation is an ex officio nodal officer. The NAD id of the Institute is NAD016489. More than 600 students have registered themselves on ABC.

17. Skill development:

1. One of the best ways to strengthen communities is by transforming students into skilled individuals and good citizens with high moral values. Therefore, institute regularly conducts social outreach activities which shall be improvised in the following aspects:

- Supporting students of disadvantaged backgrounds by organizing student outreach programs.
 - Facilitating fundamental social services such as education, and vocational training.
 - Facilitating NGO's and Government social programs.
1. To ensure the need based skill development of the students; the students are encouraged to..
 - Develop their M.Sc. Semester IV project based on the requirements related to industry, society, environment and technology advancements.
 - The Certificate courses like 'R-Programming' in the department of Statistics and an Add-on STP for UG and PG students based on 'Taxonomy' in the department of Botany is going on.
 - To pursue their internship during the vacations in the nearby industries/organizations specific to their discipline for improvements in the practical oriented skills and acquire necessary problem-solving skills.
 - Beyond the regular curriculum different departments/committees conduct varied programs based on skill set goals for their future as the Co- curricular activities often improves our social and organizations skills.
 1. Institute of Science is also interested in developing new skill development programmes for the upcoming years to improve on following aspects regarding the collaborations with its peers and other institutions.
 - Soft Skill enhancement program Business English and IT skills.
 - Regular training & placement to be imparted in communication skill and aptitude to the students to make them employable.
 - There should be practical based study in each subject so that we can acquire real-life skills of our syllabus.
 - A class mentor to be assigned and the performance report of the student should be given at the end of the session or completion of the course.

18.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)

Institute of Science follows the curriculum designed by the affiliating University. Hence it must have to wait till the University introduces the Science courses in Indian language. But

still the institute takes care of the appropriate integration of the Indian language by giving flexibility to the students through the following practices...

- For running the programmes of UG and PG we use Hindi as the national language and Marathi as a regional language as a medium of instruction besides English being an international language.
- Institute's magazine 'Replica' is published every year by the editorial committee including staff and students that has content contributed by both of them and written in all the three languages i.e. English Hindi and Marathi.
- LACF committee of the institute encourages students to conduct and participate in literary and cultural programmes that are organized in Indian languages like Hindi and Marathi at institution and university levels to inculcate Indian culture and values.
- Student use Indian language during various internal communications which is easily understood by the group of people. In cultural events such as annual social gathering students are encouraged to use regional languages in skit.
- Local language news papers and a vast collection of Indian languages books are available in the library which disseminates their rich knowledge and cultural tradition of India.
- Various competitions are organized in this institute to preserve and spread Indian culture and traditions such as traditional day celebrations, Rangoli, Dance, Mehendi, Singing, Quiz, Elocution, Essay writing etc. in both the languages like Marathi and Hindi.
- Celebration of various important festivals, birth and death anniversaries of the freedom fighters and Indian leaders and Marathi Bhasha Diwas etc.
- Internal notices and circulars regarding various academic related displays are disseminated with the use of regional language. Even the affiliating University circulars are disseminated in Marathi and English language for easy understanding among the students.
- Fieldtrips are organized for the students by different departments to impart Indian knowledge among the students.
- Physical Education department of the Institute organizes online and offline yoga workshops / seminars.

19. Focus on Outcome based education (OBE): Focus on Outcome based education (OBE):

Institute of Science, Nagpur is affiliated to RTM Nagpur University

Nagpur and has adopted the CBCS pattern since 2018-19 for the PG program. After getting the Autonomous status from UGC and affiliated University in March, 2021 our Institute has reconstructed the syllabi of UG and PG programmes in the form of objectives of the courses and programmes to be an outcome-based curriculum, which included the program outcomes (PO's) and course outcome (CO's) where course outcomes should be appropriately mapped to program outcome and in turn, to cater the vision and mission of the institute. These outcomes are uploaded on the institutional website and are communicated to the learners during student induction program. These outcomes are evaluated through continuous evaluation, internal and external examinations, seminars, projects. Organization and participation of the students in different co-curricular and extracurricular activities and use of the results for evaluating the indirect attainment is done at the institute level. The programme outcomes to a great extent are reflected in the students' progression towards higher studies and placements. Now this Institute being an autonomous institution will strive for the student centric examination reform towards outcome-based education. Implement internal and external accountability of the resources used and the outcomes. Interactive and outcome-based teaching-learning process which shall reflect in the active evaluation of students' learning outcomes.

20.Distance education/online education:

Distance education focuses on pedagogy, technology, and learning systems that aim to provide education to students who are not physically present at site. With the objective of bringing students who are far away from the education, students who are employed, women who are housewives or students who are employed in the defence services who are not able to pursue traditional education; distance education allows such students to find suitable time to study without interfering with their already busy schedule. Learning materials and instruction can actually be obtained online at any time. Realizing the need of the time, Institute of Science, Nagpur is the study center for Indira Gandhi National Open University (IGNOU) since 2010-11 for graduate, post graduate, post graduate diploma and certificate courses only in Science stream.

The Study Centre being located within the premises of the Institute in the heart of the city it's easy for the students to approach and its performance has always been commendable. Some students have even The Study centre has been activated and enrolls students for two graduate program - BSCG, (PCM, CBZ, Geography, Geology), BSCBCH-Biochemistry (Hon.), a post graduate program -

M.Sc. (Environmental Science), two post graduate diploma courses PGDAC - Post Graduate Diploma in Analytical Chemistry and PGDAST- Post Graduate Diploma in Applied Statistics and a certificate course CPLT-Certificate Program in Laboratory Techniques with a strength of more than 500 students of and out of Nagpur city to meet the needs of the society.

The introduction of blended mode of learning since the corona pandemic has significantly contributed to a more extensive change of the educational process and it is still assessed as an on-going process in the Institute. This blended mode of education changed perception of how students accept the execution of the teaching process. To facilitate students, various technological tools such as G-Suit, Google Classroom, Google Meet, Zoom etc. were used by the faculties for online lectures especially during the pandemic lockdown for conduction of online classes, examinations, seminars/workshops etc. Faculty provides e-resources to students in Google classrooms through recorded videos and lectures, PPTs, e-books, e-journals, online notes as the teaching and learning aids. Library resources are also available on Institutions' website.

CURRICULAR ASPECTS

1.1 - Curriculum Design and Development

1.1.1 - Curricula developed and implemented have relevance to the local, national, regional and global developmental needs which are reflected in Programme Outcomes (POs), Programme Specific Outcomes (PSOs) and Course Outcomes (COs) of the various Programmes offered by the Institution.

In March 2021, the Institute of Science, which was affiliated to RTM Nagpur University, was granted autonomy by the University Grants Commission. This autonomy is effective for a duration of 10 years, starting from the academic year 2020-21. Academic Autonomy signifies the trust vested in the Faculty of the Institute of Science to assume responsibility for creating its own courses, designing its own syllabi, and conducting its own Annual Quality Assurance Report evaluations for its students. The Institute of Science remains committed to achieving academic excellence and

holistic development by injecting dynamism into its curriculum, teaching methods, and research endeavors.

This new found autonomy empowers the Institute to adapt its curriculum in response to evolving national and global needs. To address the demands of both the national and international job markets and provide students with fresh learning opportunities, the Institute has introduced certificate courses such as the Statistical Package R (offered by the Statistics Department) and Basics in Plant Taxonomy (offered by the Botany Department). Furthermore, the program outcomes, program-specific outcomes, and course outcomes have been clearly articulated for all programs and courses, and this information is readily accessible on the Institute's website.

1.3 - Curriculum Enrichment

1.3.1 - Institution integrates cross-cutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability, and Human Values into the curriculum

Institute of Science strives to deliver a relevant curriculum that

includes cross-cutting themes primarily important to Environment and Sustainability. We provide the course that enables students to experience integration in their personal lives as well as inclusion in their social contributions. It is mandatory for all undergraduate students at B.Sc. II year level to complete the Environmental Studies special course, which focuses on awareness and sustainability. The curriculum includes key issues like scope and importance of natural resources, ecosystems, bio-diversity, pollution, prime social issues and the environment, sustainable development, wasteland reclamation, climate change, environment legislations etc. One complete unit concentrate on critical issues like environment and human health, human rights, intelligent property rights (IPR), community biodiversity registers (CBRs), value education which includes environment values, valuing nature, culture, social justice, human heritage, equitable use of resources, common property resources, ecological degradation etc.

Institute of Science has designed the curriculum to create a community of people who are competent, ethical, compassionate for everyone, committed to strive for social justice, harmony, environmental sustainability, and caring for the underprivileged.

The Institute also has a separate EVS department, NSS unit, WDC which addresses environment related and Gender issues.

2.2 - Catering to Student Diversity

2.2.1 - The institution assesses students' learning levels and organises special programmes for both slow and advanced learners.

There are several mechanisms and policies that can be used to identify fast and slow learners as mentioned below

Pre-assessments: Conducting pre-assessments before starting a course or unit can help identify students who already have a good understanding of the material (fast learners) and those who may struggle with the content (slow learners). This can help teachers tailor their instruction to meet the needs of each group.

Formative assessments: Regular formative assessments throughout a course can help identify which students are progressing quickly and which ones may need additional support. **Data analysis:** Analyzing student data, such as grades and test scores, can provide insights into which students are performing well and which ones may need extra help.

Observation: Teachers can observe students during class to identify those who are actively engaged and making progress and those who may be struggling to keep up.

Self-assessment: Encouraging students to reflect on their own learning can help identify which ones are progressing quickly and which ones may need additional support. Remedial programs offered additional support and resources to help slow learners catch up with their peers. They may include small group instruction, tutoring, or additional practice exercises to help students master the content.

2.3 - Teaching- Learning Process

2.3.1 - Student-centric methods such as experiential learning, participative learning and problem-solving methodologies are used for enhancing learning experiences:

Below is the methodology for executing student-centric activities for each method.

Experiential Learning:

- Begin by introducing the topic and its relevance to real-world situations.
- Plan and execute hands-on activities, such as experiments, simulations, or field trips, that allow students to apply their knowledge and skills in a real-world context.
- Encourage students to reflect on what they have learned from the activity and how it relates to the topic at hand.

Participative Learning:

- Start by introducing the topic and its relevance to the student's lives.
- Plan and execute group activities, such as brainstorming sessions, group discussions, or peer-to-peer teaching, that allow students to take an active role in their own learning.
- Provide opportunities for students to collaborate with their peers and share their knowledge and ideas.

Problem-Solving Methodologies:

- Introduce the problem and its relevance to real-world situations.
- Guide students through the process of identifying the problem, analyzing the data, and developing solutions using critical thinking and problem-solving skills.
- Encourage students to collaborate with their peers to develop creative and effective solutions.

Overall, the key to executing student-centric activities is to create a learning environment that is engaging, interactive, and relevant to the student's lives.

2.3.2 - Teachers use ICT-enabled tools including online resources for effective teaching and learning

Teachers often use ICT-enabled tools and online resources to enhance the teaching and learning experience. The use of technology in education has become increasingly important in recent years, as it offers a range of benefits for both teachers

and students.

ICT-enabled tools such as interactive whiteboards, tablets, and computers allow teachers to present information in engaging and interactive ways, making learning more interesting and enjoyable for students. Online resources such as educational websites, videos, and e-books provide students with access to a vast array of information, allowing them to learn at their own pace and in their own time.

Furthermore, ICT-enabled tools and online resources can help teachers personalize learning for their students, as they can tailor their teaching to meet the individual needs and learning styles of each student. This can lead to improved academic outcomes, as students are more likely to engage with and retain information that is presented in a way that is relevant and meaningful to them.

Overall, the use of ICT-enabled tools and online resources is a valuable tool for teachers to enhance their teaching practice and improve the learning experience for their students.

2.3.4 - Preparation and adherence to Academic Calendar and Teaching Plans by the institution

Preparation and Adherence of Academic Calendar: The institution prepares the academic calendar every year in advance. The academic calendar covers the list of examination dates, seminars, conferences, guest lectures, workshops and industrial visits holidays, vacation dates, festivals, etc. Academic calendar provides the total effective working days available in each semester. Then the director and senior colleagues of Institute prepare the time table by correlating the working days available in academic calendar. Thus, the academic calendar monitors the effective delivery of the program in each semester.

Preparation and Adherence of Teaching Plan: The concern faculties prepare teaching plan for their respective subjects. Teaching plan hours of every faculty are distributed among class room teaching, case studies, role play, workshops and lab session as per the subject requirements. These plans are made in advance and serves as guide for conducting sessions. The director and HODs check the progress of each course and ensures timely and effective completion of course in the specified time frame with perfect blend of practical and theoretical inputs.

2.5.3 - IT integration and reforms in the examination procedures and processes including Continuous Internal Assessment (CIA) have brought in considerable improvement in the Examination Management System (EMS) of the Institution

IT integration and reforms in examination procedures and processes, including Continuous Internal Assessment (CIA), have been instrumental in bringing about significant improvements in the Examination Management System (EMS) of the institute. By leveraging technology and automating various aspects of the examination process, institutions can streamline workflows, reduce errors, improve accuracy, and increase transparency. The institute's examination cell has been doing most of the work in online/electronic mode starting with contacting the setters, setting the papers, moderation (online/offline mode), and result publication.

Continuous Internal Assessment (CIA) is a critical component of modern assessment processes and provides a more holistic picture of a student's progress. By using IT tools such as Google Classroom, and online quizzes to facilitate CIA, institutions can generate automated reports, track student performance over time, and identify areas where students may need additional support. This information can be used to provide personalized learning experiences that help students achieve better academic outcomes.

By leveraging technology, the institute has transformed its examination systems and provided students with a better learning experience, while also improving the efficiency and accuracy of the examination process.

2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme Outcomes and Course Outcomes for all Programmes offered by the institution are stated and displayed on the website and communicated to teachers and students

Programme Outcomes and Course Outcomes for all Programmes offered by the institution are stated and displayed on the website at https://iscnagpur.ac.in/pages/courses_outcome_materials.php and it is also well communicated to teachers and students

Programme Outcomes are broad statements that describe the knowledge, skills, and attitudes that students should acquire by the end of a programme. Course Outcomes, on the other hand, are specific statements that describe the learning objectives of individual courses within a programme.

Stating and displaying POs and COs helps to ensure that all stakeholders (students, faculty, administrators, etc.) have a clear understanding of the intended learning outcomes of a programme and its courses. This can aid in curriculum design, teaching, and assessment.

In addition, communicating POs and COs to teachers and students can help to ensure that everyone is on the same page regarding learning objectives and can help to promote student engagement and success. It can also aid in assessment and evaluation, as the outcomes can serve as a basis for evaluating student learning and program effectiveness.

2.6.2 - Attainment of Programme Outcomes and Course Outcomes as evaluated by the institution

Course outcome and policy of attainment & Dissemination

Policy of Attainment:

The policy of attainment refers to the guidelines and procedures that are used to ensure that students have achieved the intended

course outcomes.

The following are some of the key elements of the policy of attainment as implemented in the Institute. They are 1) Assessment criteria 2) Assessment methods 3) Feedback 4) Appeals 5) Policy of Dissemination

The policy of dissemination refers to the guidelines and procedures for sharing the course outcomes and the students' achievement of these outcomes with relevant stakeholders.

The following are some of the key elements of the policy of dissemination: Channels of dissemination, Privacy and confidentiality, Reporting, Stakeholder engagement, Relevant stakeholders.

The policies of attainment and dissemination are critical in ensuring that students achieve the intended course outcomes and that the outcomes are shared appropriately with relevant stakeholders. These policies we deploy in our institute are transparent, consistent, and communicated to the students at the beginning of the course. Effective policies of attainment and dissemination help us to improve the quality of teaching and learning, and enhance the relevance and impact of the course outcomes.

RESEARCH, INNOVATIONS AND EXTENSION

3.1 - Promotion of Research and Facilities

3.1.1 - The institution's research facilities are frequently updated and there is a well-defined policy for promotion of research which is uploaded on the institutional website and implemented

This institute doesn't have a well defined policy for promotion of research but after getting the autonomous status we are working on it and it is in progress. Due to inadequate resources, the institute doesn't fund the research activities but the faculties are always encouraged to apply for various funding agencies and pursue their research. The institute has six recognized Research Centers in the departments and provides sufficient infrastructural facilities and a conducive environment to promote research activity in the campus. Institute encourages the faculty members to pursue their Ph.D. work and help to create research culture among teachers and students.

Thirty three faculty members are recognized Ph.D. supervisors and advanced researchers. Research laboratories are integrated with well-equipped instruments so that interdisciplinary research and publication can be done. Four research scholars have been awarded Ph.D. Fifteen students have taken provisional admission for getting registered for Ph.D. The Institute has Instrumentation Laboratories for each department along with the Tissue Culture Laboratory in the Botany Department. The institute invests a lot of economic resources for purchase of sophisticated instruments, such as Raman Spectrometer, FT-IR, UV-VIS Spectrophotometer, DTA, HPLC etc. The faculty and PG students are encouraged to take up

research and developmental activities by utilizing the existing resources.

3.3 - Innovation Ecosystem

3.3.1 - Institution has created an ecosystem for innovations and creation and transfer of knowledge supported by dedicated centres for research, entrepreneurship, community orientation, incubation, etc.

An ecosystem conducive to innovations and transfer of knowledge for Research and Innovation for improvement and creativeness by faculty members and research students has been created by our highly qualified and academically active faculty members even after hundred years of its tenure in academics. After getting academic autonomy steps are taken to implement NEP-20.

- Two ongoing MRP sanctioned by SERB with the cost of the Rs. 18.3 and 37. 95 lakhs.
- Research collaboration (4), MoU's (8) facilitates our students to undertake research internship.
- International research papers (20 papers), two books/chapters are published.
- Faculties and students participate in conferences, seminars, workshops, various skill enhancement and professional development programs under govt. schemes.
- Workshops, seminars and guest lectures on entrepreneurship are organized for students.

- Computers, printers, scanners, photo-copiers etc. provided in all the departments.
- Entire campus is Wi-Fi enabled.
- Subscription to INFLIBNET.
- Smart classrooms equipped with digital podium and LCD projectors.
- The second year P.G. students are encouraged to identify research problems submit their reports in the form of dissertation.
- Organization of various activities through NSS for orientation of social and community services.
- Recognized centre for distance education through IGNOU (8 programs) which enable the staff to provide guidance to the IGNOU learners.

INFRASTRUCTURE AND LEARNING RESOURCES

4.1 - Physical Facilities

4.1.1 - The Institution has adequate infrastructure and physical facilities for teaching-learning, viz., classrooms, laboratories, computing equipments, etc.

The campus infrastructure includes the main building, annex building, boy's hostel, girl's hostel, new library building, canteen, sports complex including ground and gymkhana, parking, garden etc. The main building is equipped with 55 class rooms laboratories, office and library with wifi / LAN / LCD facilities, The facilities of reading room, girls common room, close auditorium, open auditorium, conference room etc. Further, every department is equipped with their own computing resources along with small departmental library. The Institute has a Central Library is well equipped with journals & books with 23 Computers where students have access to learning material. Laboratories are equipped with recommended facilities. All Departments have separate laboratories for undergraduate and post graduate classes. These departments have research laboratories. The Institute has well equipped seminar hall i.e. "Sabhagruha" (Room No. 45). Open air auditorium (theater) is present in the center of main building. Under ICT more than 300 computers have been provided to all departments. Every department is provided with LCD projectors, Laptops, desktops and overhead projectors, electronic whiteboards with digital podium, printers, and scanners for computer aided teaching. Internet is provided to all the departments and library computer center with 100 and 10 Mbps bandwidth.

4.1.2 - The institution has adequate facilities for cultural activities, yoga, sports and games (indoor and outdoor) including gymnasium, yoga centre, auditorium etc.)

Institute has separate building of 9900 square feet area for physical education department. It has spacious ground for cricket, football and hockey. It has gymkhana, yoga center, table-tennis

court and rooms for indoor games. Department has approximately 3 acres ground area which is used for the all outdoor games. The department organizes Coaching and training programs for the boys and girls. The department provides Coaching and training facility for Yoga, cricket, volleyball, football, badminton, chess, Tug of war, kabaddi, kho-kho, Sepaktakraw, basketball, table-tennis, archery, softball, baseball and fencing games. Our Students participate in national, state, district, inter-university, intercollegiate level competitions.

Indoor Sports Facilities: The Institute has a well-equipped gymnasium with all modern facilities for Boys and Girls, 1 Badminton Courts, 2 Table Tennis, 3 Gymnasium for Boys and Girls, 4 Fencing, 5 Caroms, Chess, 6 Yoga and Meditation Room, 7 Changing room for Boys, 8 Changing room for Girls, 9 Floor Ball.

Outdoor Sports facilities 1. Cricket, 2 Softball, 3 Baseball, 4 Football, 5 Volleyball court, 6 Basketball court, 7 Kho-Kho Ground, 8 Kabaddi Grounds, 9 Ball-badminton, 10 Korf Ball. There is a closed auditorium and one open air auditorium where various kind of cultural activities are regularly held.

4.2 - Library as a Learning Resource

4.2.1 - Library is automated using Integrated Library Management System (ILMS)

SOUL Software of University Library software is in use for library automation. It is multi-user, multitasking integrated library management software working either on a single machine or in a client-server multi-platform environment. It helps us for the effective preparation of catalogue books, e-books, films, sound recordings, drawings, clippings, articles, reports, letters, pamphlets, serials publications etc. SOUL cataloguing adheres to popular international standards. It retrieves the information in a simple, fast and efficient manner. It supports flexible workflow to cover activities related to acquisition of books, serials control and funds monitoring. Cataloguing: -It is based on AACR2. It catalogues any type of material. Acquisition: -It supports the entire range of activities right from making a proposal to acquire an item, until it is finally paid for and accessioned. Circulation: -It is based on lending rules that we can define and change. Serials Control: - It allows for tracking receipts of issues, filing claims for issues not received, preparing binding orders. OPAC: On-line Public Access Catalogue offers powerful on-line search facilities to search through library catalogue. It saves valuable time, labour and money to access any reading resources. Reports: - It provides various types of reports required for various government agencies.

4.3 - IT Infrastructure

4.3.1 - Institution has an IT policy covering Wi-Fi, cyber security, etc. and has allocated budget for updating its IT facilities

The institute has a modern server room with Windows servers. LAN network is spread across the institute including Office, Laboratories, Library and other working areas. All the computing

facility are equipped with high performance and latest edition of computers. The LAN network has a configuration Core switch to edge switch. Two leased lines of 10 MBPS (192.168.0.6) and 100 MBPS (192.168.0.2) are used in a network. By using these two leased lines from BSNL, restricted internet and WI-FI facilities are provided to students and faculty members of institute across the CAMPUS. Some of the faculties use platforms like moodle, Google classroom through G Suit, Institute has computer labs in various departments for use of UG, PG and research students of Institute, also modern workstations were made available to these computers. All the classrooms are wi-fi enabled by dedicated access points. Further eight classrooms have been converted to smart classrooms with digital podium, interactive boards and other necessary peripherals. All the faculties use this effective methodology to enrich the learning process of students. Four digital notice boards were procured from grant of RUSA in 2019-20 for speedy circulation of information and notices.

4.4.2 - There are established systems and procedures for maintaining and utilizing physical, academic and support facilities – classrooms, laboratory, library, sports complex, computers, etc.

The Institute has a Local Advisory Committee that deliberates every year on the various infrastructural and academic needs of the Institute. Various monitoring committees such as purchase committee, building committee, UGC planning board committee, hostel monitoring committee, library committees for the proper maintenance of all facilities. • Overall maintenance of campus by cleanliness committee . • Regular cleaning of water tanks, proper disposal of garbage, pest control, landscaping and maintenance of lawns. • Maintenance of all facilities and cleanliness of environment in hostel. • Outsourcing is done for maintenance and repairing of CCTV, computers, internet facilities including leased lines, Wi-Fi and broadband, updating of software's. • Maintenance of wooden furniture & Electrification, and plumbing of institute is done with the help of PWD. • The maintenance of the reading

room and stock verification of library books is done regularly by library staff. • Sports and gymnasium is managed by the Sports Committee that advises the Physical Education Director in planning optimum utilization of sport facilities. Outsourcing is done for the maintenance of gymnasium. The grounds for various sports are maintained regularly.

5.3.2 - Presence of an active Student Council and representation of students in academic and administrative bodies/committees of the institution

Students of the institute had a place in the institute's functioning through the Students Representative Council (SRC) and Academic Forums through which the students play a key role in the inception, planning and implementation of different co-curricular, extra-curricular and sports activities. Institute provides full support to the students representation in various academic, sports and administrative bodies. Student task force (previously called as Students council) is enacted each year as per the Maharashtra Universities Act 1994 40(2) (b) (vii) up to 2014-15. The representatives are selected on the merit basis and a few are nominated by the director. After declaration of the members of the council, the students were allotted the academic and administrative committees. This council meets at least two times in a year to discuss on various issues and provide valuable suggestions to the administrator. Each year annual social gathering is organized. This mega event is totally controlled and administered by students with the support and guidance by staff members. The major activities are intra-collegiate sports, cultural and academic competitions. The student committee for each event takes a lead in making this event successful.

LACF, Literary Art and Cultural Forum which gives message of brotherhood is a prime and unique feature of Institute. Under LACF the students participates in various cultural, cocurricular

activities and extracurricular events as well.

5.4 - Alumni Engagement

5.4.1 - The Alumni Association and its Chapters (registered and functional) contribute significantly to the development of the institution through financial and other support services

"AASCON" i.e. The Alumni Association of the Science College of Nagpur, now Institute of Science, Nagpur Central Office The Central Office of the Association shall be situated at the Department of Physics. Indian Institute of Technology, Powai, Bombay-400 076.

Objectives

- To encourage, foster and promote close relation between Institute of Science and its Alumni and among the Alumni themselves.
- To provide and disseminate information regarding the institutions, its graduates, facilities and students to Alumni.
- To ensure that programs are initiated and developed for the benefit of the Alumni.
- To guide and assist Alumni who have recently completed the courses of study to obtain employment to engage in productive pursuits useful to the society.
- To establish and maintain a link with all the students and with the community at large.
- To preserve and promote the interest of the Alma Mater through Alumni involvement in its future and governance.
- To participate and assist in the promotion of Institutions as a major destination for

higher education.

GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 - Institutional Vision and Leadership

6.1.1 - The governance of the institution is reflective of an effective leadership in tune with the vision and mission of the Institution

The mission of the Institute is implicit in its logo which includes PER ARDUA AD ASTRA which literally means BY TOILSOME WAY TOWARDS THE STARS. It is with this slogan; our Institute is making its way towards achieving the goals. "The vision of the Institute is to inculcate scientific temper among students to address global challenges by advancing the frontiers of science, by producing scientifically trained leaders and innovators and enhancing public understanding of science." Our mission is to bring the benefits of science to society by providing access to a rich educational experience that will motivate and enable all our students to seek the highest levels of intellectual achievement in the Physical, Chemical, Mathematical and Biological sciences and attain an all-round personal growth with high moral values. Accordingly, Institute offers UG and PG programs in science. . The Institute is owned and managed by the State government; hence it runs as per the policies and norms laid down by the directives and policies of State Ministry of Higher and Technical education, the affiliating University, and UGC . The outcome of effective governance is evident of getting autonomy and recognition received by Institute from NIRF 61 and 82 from Ministry of Education, India.

6.1.2 - Effective leadership is reflected in various institutional practices such as decentralization and participative management

Academic matters, infrastructure maintenance, utilization and campus development are looked after by various committees in consultation with the Director of the Institute. The administrative and academic heads of the Institution supervise all committees for their effective functioning. The management system of the Institution is decentralized and participatory in nature. Being a state government owned Institute; the objective is to impart quality scientific education to all segments of society. The responsibility of administration primarily lies with the Director. In case of academic matters, the various departments work in tandem for achieving the overall goals of the Institute. The registrar, office superintendent and other staff assist him as per the roles earmarked for them. Financial resources are managed by the Director and finance committee. Adequate representation of teaching and non-teaching staff, and in some cases, of students and alumni is ensured for decentralization. Our institute categorizes various activities as departmental, academic and administrative and finance related. All activities are supervised by the heads and supported by other stakeholders. For academic excellence, being an autonomous institute, board of Governance followed by academic council followed by Board of studies takes the decision about syllabus and other academic matters.

6.2 - Strategy Development and Deployment

6.2.1 - The institutional Strategic/ Perspective plan has been clearly articulated and implemented

Our Institute strategically plans activities and executes them in a planned manner. The activities are decentralized at four levels as departmental, administrative, academic and financial. The academic strategic plans are made before commencement of academic session by preparing academic calendar of that year.

Administrative committees that are formed at the beginning of the session are responsible for all student and staff related activities. The strategic planning done by finance committee for procuring goods and materials. Strategic plan: - In 2022-2023 our Institute received funds from District planning commission. We prepared strategic plan as per the guidelines of DPC. The plan aimed at up gradation of institute with student centric mindset. A Detailed Project Report (DPR) on thrust areas of overall development of students was prepared and this proposal was submitted to DPC. The project directorate of DPC sanctioned the proposal. IMPLEMENTATION: 1. DPC accepted the proposal and sanctioned 50 Lakhs rupees for the following. 1 Procuring of Library Books 2 Procuring instruments for laboratories 3 Required Constuction for infrastucture development .

6.2.2 - The functioning of the various institutional bodies is effective and efficient as visible from the policies, administrative set-up, appointment and service rules, procedures, etc.

Our Institute is a state government owned body, which comes within the ambit of state Ministry of technical and higher education. The Institute runs on the policies, rules, and regulations laid down by the State government. The Organizational structure of the Institution, administrative setup, appointments, service rules and functions of various bodies are as follows. 1. Main Governing body consists of: - Minister of Higher and Technical education, State Minister, and Secretary. Policy framing, Academic and financial management. Overall control. 2 Director of Higher Education (DHE) at State level Overall supervision Execution of policies Administrative and financial control 3 Director of Institute

Overall, In charge of the Institution Execution of policies at ground level in charge of Administration and finance of Institute Responsible for overall Academic progress and development of Institute. 4 Joint Director (Regional) 5 Head of Departments, Teaching Staff, Registrar, Office Superintendent, nonteaching staff, various Committees. Head of Department is responsible for smooth functioning of respective departments Teaching and non-teaching staff to perform designated functions and duties. All teaching and non-teaching staff is appointed by Maharashtra government. As such service rules as per provisions of MCSR are applicable to them.

6.4 - Financial Management and Resource Mobilization

6.4.1 - Institution conducts internal and external financial audits regularly

The audit is conducted by Accountant General (A.G.). The utilization of current year, approved budget along with the budget projected for the forthcoming year is submitted to Director higher education, Pune every four months. So, it is in way like internal audit. A. G. audit is done once in five years. The audit of funds received from various funding agencies, like DPC & RUSA is done by A.G. The audit of funds received from UGC is done by C.A. The utilization certificate for all the grants is submitted to the respective agencies. For any audit objection, the mechanism for settlement is as under 1. Personnel from External Audit Party (EAP) i.e., A.G. Office, Nagpur are deputed for carrying out audit work. 2. EAP (A. G.) inform their final objections/queries (If any) to the Director of our Institute in the form of an Audit Report. 3. EAP specify the control issues i.e.; they comment on the points where the controls are required to be established or tightened to avoid repeating the same mistakes in future. 4. On audit objections response is immediately initiated by monitoring of internal controls to avoid repetition of the objection.

6.4.3 - Institutional strategies for mobilisation of funds and the optimal utilisation of resources

We prepare strategic plans aimed at up gradation of our Institute on thrust areas of overall development viz., infrastructure, modernization of laboratories, up gradation of classrooms and augmentation and submit the same to various agencies like State Government, RUSA, DPC, DST and UGC. Faculties submit research proposals to UGC, DST and other agencies including RUSA. At the commencement of every academic session, the strategic budget plan is prepared for optimal utilization of resources. 1. Every year, the budget prepared by the Institute for carrying out construction, repair and renovation of the Institute building and premises besides purchase of instruments and chemicals is submitted to state government and other agencies. 2. After receiving the grants the Director who is the Chief Disbursing Officer, in consultation with the Finance Committee and the Purchase Committee disburses the amount to the respective departments. 3. All the purchases are carried out according to the Maharashtra Government Resolution. 4. The utilization of the budget is monitored regularly by the Institute as per the guidelines of the funding agencies. 5. The scholarship amount received from the donors is awarded to the deserving students after due verification.

6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing quality assurance strategies and processes visible in terms of incremental improvements made during the preceding year with regard to quality (in case of the First Cycle): Incremental improvements made during the preceding year with regard to quality and post-accreditation quality initiatives (Second and subsequent cycles)

Internal quality Assurance Cell has immensely contributed towards development of Institute. IQAC conducted Post reaccreditation National level Seminar on Best Practices after that during lock down many webinar were conducted online and G suite iwas used for online clases..This is the significant initiatives by IQAC in Teaching Learning Process:. After achieving accreditation, we were granted autonomy, providing us with the freedom to establish a framework for syllabus design, examination administration, and evaluation. We have successfully implemented the National Education Policy (NEP) for both undergraduate (UG) and postgraduate (PG) courses, thereby restructuring our course offerings in alignment with NEP guidelines. Additionally, we've introduced an Academic Bank of Credits, enhancing flexibility for our students. Our institution remains committed to diligently implementing NEP initiatives, all under the guidance of the Internal Quality Assurance Cell (IQAC).It is a matter of great pride that our Institute along with the academics in UG and PG level contributes towards research activity. For the latest innovations in the field of Science, Technology and Holistic development of students, IQAC takes initiative in organizing conferences, workshops, and seminars, so that the students can face different challenges in the era of globalization.

6.5.2 - The institution reviews its teaching-learning process, structures and methodologies of operation and learning outcomes at periodic intervals through its IQAC as per norms

For reviewing teaching-learning facility, all faculty members are required to submit a Performance Based Appraisal System (PBAS) every year to IQAC, suggested by the UGC. Institute follows the mechanism, in which IQAC committee circulates notice regarding submission of PBAS with required documentation within a stipulated deadline. The administrative office collects hard copies of all teaching faculties and forwards the same to the Academic Auditcommittee which carries out a detailed assessment of reports based on the documents provided. After analyzing reports, the committee recommends the desirable activities which are to be done by faculty to increase his/her scoring. Circulars regarding placements to next scale are received from the DHE's office from time to time. . All applications are recommended and forwarded by the Director to the higher authorities for placement and Promotion. Annual Confidential Reports (CR) is filled by the office considering their performance and compliance to the orders of the administration. The Heads of the departments with which the non-teaching staff are associated are taken into confidence while preparing the CRs. These CRs are verified by the Director with his prudence and sent to the Director Higher Education, Pune for further procedure.

INSTITUTIONAL VALUES AND BEST PRACTICES

7.1 - Institutional Values and Social Responsibilities

7.1.1 - Measures initiated by the Institution for the promotion of gender equity during the year

1. Safety and Security: Ever since its establishment, our institute is co-educational providing equal opportunities to both male and female students. In all activities of the institute, boys and girls work together for success of each program so that gender equity is observed in all activities. . Committees like internal complaint committee, the Anti-Ragging Committee and the Grievance Redresal Committee look after grievances of all kinds. The Internal Complaint committee which has been formed for protection of students and staff against sexual harassment specifically looks into gender related matters. **2. Counseling:** The internal complaint committee and Women's Cell ensure that the girl students are made aware of gender sensibility. .Due Pandemic, online counseling sessions were arranged. Guidance is also given on self-defense, nutrition health, yoga and mental fitness. **3. Common Room:** In our Institute, a spacious common room with attached toilets has been provided specially for the girl students ,with seatingarrangement, water cooler and dust bins. **4: Gymnasium :** It is made available to both male and female girl students and staff. Separate room for Yoga and meditation for girls and female faculty members is also available. The initiative were taken by organizing karate self defense camp.

7.1.3 - Describe the facilities in the institution for the management of the following types of degradable and non-degradable waste (within a maximum of 200 words)

Solid waste management: Separate dust bins are provided to collect wet and dry waste which is useful to segregate waste at the source. All solid waste is collected in large bins. The disposal of solid waste is managed with the help of registered agency deputed by Nagpur Municipal Corporation who pick up the solid waste generated in the campus from time to time. Besides this, compost pits have been prepared which are filled with leaf litter and inoculated with earthworms. The debris undergoes degradation by worms. The compost generated from pits is collected and used as biofertilizers for plants in our premises. Our institute works on the principle of reduce and reuse in this case. Efforts are constantly made to reduce the usage of paper through computerization, digitalization and use of electronic communication across all departments of the Institute. We constantly strive to make our campus plastic-free. As part of NSS campaign we prepared Eco-Bricks. **Liquid waste management:** All the laboratories especially chemistry laboratory is disposed by following the prescribed regulations keeping in view the safety of students, staff and environment. **E- Waste management :** e-Waste is disposed through write-off procedure after coupling with necessary Government rules.

7.1.8 - Describe the Institutional efforts/initiatives in providing an inclusive environment i.e. tolerance and harmony towards cultural, regional, linguistic, communal, socio-economic and other diversities (within a maximum of 200 words).

To build youth of the nation who are noble in their attitude and morally responsible, the Institute organizes and conducted several activities to build and promote an environment for ethical, cultural, and spiritual values among the students and staff. To develop the emotional and religious feelings among the students and the faculty, commemorative days are celebrated in the campus with the initiative and support of the management for not only recreation and amusement but also to generate the feeling of oneness and social harmony. Teaching and Non-teaching staff of the Institute jointly celebrate the cultural and regional festivals, like Constitution day Fresher Party ,teacher's day, orientation and farewell program, Induction program, rally, oath, plantation, Youth day, Women's day, Yoga day, etc. But due COVID-19 restrictions, in 2021-22 some of it was taken online. Motivational lectures of eminent persons of the field are arranged for all-round development of the students for their personality development and to make them responsible citizens following the national values of social and communal harmony and national integration. Besides academic and cultural activities, we have built up many strong infrastructures for a variety of sports activities for the physical development of the students.

7.1.9 - Sensitization of students and employees of the institution to constitutional obligations: values, rights, duties and responsibilities of citizens:

Our Institute always takes lead for sensitization of students and employees to the constitutional obligations, values, rights, duties and responsibilities of citizens by taking initiatives like Constitution day Constitution Day is celebrated on 26th November every year. The programme initiates with Preamble reading of the constitution followed by lectures on the sensitization of students on responsibility towards the constitutional values, rights, duties and responsibilities of citizens. Research Assessment Committee Institute always strives for the transparency in work and follows the ethics and values in research and protection of intellectual properties. RAC is research advisory committee which evaluates and suggests the research activities, research proposal, and synopsis and pre submission viva of research students of Institute of science. Celebration of National Days Every year Institute celebrates Republic Day, Maharashtra Day and Independence day on January 26, May 01 and August 15 respectively. The celebration is attended by Students, Teaching and Non-teaching Staff, Invitees, guests and any attendees. Flag hosting with National anthem and oath of national integrity followed by distribution of sweets is the regular decorum of the program.

7.2 - Best Practices

7.2.1 - Provide the weblink on the Institutional website regarding the Best practices as per the prescribed format of NAAC

Title: 1. Science club . **Goal:** 1. To make students aware of basic science through small innovative experiments . **Context:** to establish a reliable and centralized platform that enables seamless coordination and execution of scientific research, experiments, and projects enhance the learning experience by creating an interactive platform that complements traditional teaching methods. **Evidence of success:** In its year of inception, following science-filled activities were performed 1. Treasure Hunt: Finding Jerri 2. Enframe: 3. Rube-Goldberg Machine

2. Title: : Best Student Competition **Goals:** 1. To develop competitive spirit among students. 2. To bring about all round development of students. 3. Approach towards holistic development. **Context:** The best student competition is conducted for the students of final year A critical evaluation of the details is furnished made by the scrutiny committee and finally three students are selected for presentation to be given by them before the Jury. Jury members are invited from different professions and students have to satisfy the queries of the Jury. **Evidence of Success:** A very encouraging and successful impact of the practice has been observed in the past as a result of which large number of students has been selected for IAS, top ranking scientists etc.

7.3 - Institutional Distinctiveness

7.3.1 - Highlight the performance of the institution in an area distinct to its priority and thrust (within a maximum of 200 words)

Academic Excellence through Scholarship The vision of our Institute is to inculcate scientific temper among students to

address global challenges by producing scientifically trained leaders and innovators and enhancing public understanding of science. True to this vision, we encourage our students for scientific approach. Encouraging them for global, local, academically challenged issues, we develop competitiveness. We boost them for this by providing scholarships from Philanthropist and Non Government Organizations. Our vision is to excel students by making their name in the merit list; they get rewarded by the scholarship. Alumni Association of Institute (AASCON) sponsors 20 scholarships. Two Philanthropists made 3 Crores donation. Institute has also announced "Sukhdevji Maharaj of Saongi Memorial Scholarship, in which students are getting cash prize and a gold medal. The scholarship is awarded in six subjects, viz., Physics, Chemistry, Mathematics, Statistics, Botany and Zoology. Another is Shankar Balwant Pandit memorial Scholarship, instituted by Vikram Pandit for post graduate students of Physics and Mathematics. The purpose of this scholarship is to help economically disadvantaged students. Institute always strive for these types of scholarships so that there is continuous encouragement for acquiring knowledge because of competitive environment. Moreover the needy students are able to continue their education.

Part B

CURRICULAR ASPECTS

1.1 - Curriculum Design and Development

1.1.1 - Curricula developed and implemented have relevance to the local, national, regional and global developmental needs which are reflected in Programme Outcomes (POs), Programme Specific Outcomes (PSOs) and Course Outcomes (COs) of the various Programmes offered by the Institution.

In March 2021, the Institute of Science, which was affiliated to RTM Nagpur University, was granted autonomy by the University Grants Commission. This autonomy is effective for a duration of 10 years, starting from the academic year 2020-21. Academic Autonomy signifies the trust vested in the Faculty of the Institute of Science to assume responsibility for creating its own courses, designing its own syllabi, and conducting its own Annual Quality Assurance Report evaluations for its students. The Institute of Science remains committed to achieving academic excellence and holistic development by injecting dynamism into its curriculum, teaching methods, and research endeavors.

This new found autonomy empowers the Institute to adapt its curriculum in response to evolving national and global needs. To address the demands of both the national and international job markets and provide students with fresh learning opportunities, the Institute has introduced certificate courses such as the Statistical Package R (offered by the Statistics Department) and Basics in Plant Taxonomy (offered by the Botany Department). Furthermore, the program outcomes, program-specific outcomes, and course outcomes have been clearly articulated for all programs and courses, and this information is readily accessible on the Institute's website.

1.3 - Curriculum Enrichment

1.3.1 - Institution integrates cross-cutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability, and Human Values into the curriculum

Institute of Science strives to deliver a relevant curriculum that includes cross-cutting themes primarily important to Environment and Sustainability. We provide the course that enables students to experience integration in their personal lives as well as inclusion in their social contributions. It is mandatory for all undergraduate students at B.Sc. II year level to complete the Environmental Studies special course, which focuses on awareness and sustainability. The curriculum includes key issues like scope and importance of natural resources, ecosystems, bio-diversity, pollution, prime social issues and the environment, sustainable development, wasteland reclamation, climate change, environment legislations etc. One complete unit concentrate on critical issues like environment and human health, human rights, intelligent property rights (IPR), community biodiversity registers (CBRs), value education which includes environment values, valuing nature, culture, social justice, human heritage, equitable use of resources, common property resources, ecological degradation etc.

Institute of Science has designed the curriculum to create a community of people who are competent, ethical, compassionate for everyone, committed to strive for social justice, harmony, environmental sustainability, and caring for the underprivileged.

The Institute also has a separate EVS department, NSS unit, WDC which addresses environment related and Gender issues.

2.2 - Catering to Student Diversity

2.2.1 - The institution assesses students' learning levels and organises special programmes for both slow and advanced learners.

There are several mechanisms and policies that can be used to identify fast and slow learners as mentioned below

Pre-assessments: Conducting pre-assessments before starting a course or unit can help identify students who already have a good understanding of the material (fast learners) and those who may struggle with the content (slow learners). This can help teachers tailor their instruction to meet the needs of each group.

Formative assessments: Regular formative assessments throughout a course can help identify which students are progressing quickly and which ones may need additional support. **Data analysis:** Analyzing student data, such as grades and test scores, can provide insights into which students are performing well and which ones may need extra help.

Observation: Teachers can observe students during class to identify those who are actively engaged and making progress and those who may be struggling to keep up.

Self-assessment: Encouraging students to reflect on their own learning can help identify which ones are progressing quickly and which ones may need additional support. Remedial programs offered additional support and resources to help slow learners catch up with their peers. They may include small group instruction, tutoring, or additional practice exercises to help students master the content.

2.3 - Teaching- Learning Process

2.3.1 - Student-centric methods such as experiential learning, participative learning and problem-solving methodologies are used for enhancing learning experiences:

Below is the methodology for executing student-centric activities for each method.

Experiential Learning:

- Begin by introducing the topic and its relevance to real-world situations.
- Plan and execute hands-on activities, such as experiments, simulations, or field trips, that allow students to apply their knowledge and skills in a real-world context.
- Encourage students to reflect on what they have learned from the activity and how it relates to the topic at hand.

Participative Learning:

- Start by introducing the topic and its relevance to the student's lives.
- Plan and execute group activities, such as brainstorming sessions, group discussions, or peer-to-peer teaching, that allow students to take an active role in their own learning.
- Provide opportunities for students to collaborate with

their peers and share their knowledge and ideas.

Problem-Solving Methodologies:

- Introduce the problem and its relevance to real-world situations.
- Guide students through the process of identifying the problem, analyzing the data, and developing solutions using critical thinking and problem-solving skills.
- Encourage students to collaborate with their peers to develop creative and effective solutions.

Overall, the key to executing student-centric activities is to create a learning environment that is engaging, interactive, and relevant to the student's lives.

2.3.2 - Teachers use ICT-enabled tools including online resources for effective teaching and learning

Teachers often use ICT-enabled tools and online resources to enhance the teaching and learning experience. The use of technology in education has become increasingly important in recent years, as it offers a range of benefits for both teachers and students.

ICT-enabled tools such as interactive whiteboards, tablets, and computers allow teachers to present information in engaging and interactive ways, making learning more interesting and enjoyable for students. Online resources such as educational websites, videos, and e-books provide students with access to a vast array of information, allowing them to learn at their own pace and in their own time.

Furthermore, ICT-enabled tools and online resources can help teachers personalize learning for their students, as they can tailor their teaching to meet the individual needs and learning styles of each student. This can lead to improved academic outcomes, as students are more likely to engage with and retain information that is presented in a way that is relevant and

meaningful to them.

Overall, the use of ICT-enabled tools and online resources is a valuable tool for teachers to enhance their teaching practice and improve the learning experience for their students.

2.3.4 - Preparation and adherence to Academic Calendar and Teaching Plans by the institution

Preparation and Adherence of Academic Calendar: The institution prepares the academic calendar every year in advance. The academic calendar covers the list of examination dates, seminars, conferences, guest lectures, workshops and industrial visits holidays, vacation dates, festivals, etc. Academic calendar provides the total effective working days available in each semester. Then the director and senior colleagues of Institute prepare the time table by correlating the working days available in academic calendar. Thus, the academic calendar monitors the effective delivery of the program in each semester.

Preparation and Adherence of Teaching Plan: The concern faculties prepare teaching plan for their respective subjects. Teaching plan hours of every faculty are distributed among class room teaching, case studies, role play, workshops and lab

session as per the subject requirements. These plans are made in advance and serves as guide for conducting sessions. The director and HODs check the progress of each course and ensures timely and effective completion of course in the specified time frame with perfect blend of practical and theoretical inputs.

2.5.3 - IT integration and reforms in the examination procedures and processes including Continuous Internal Assessment (CIA) have brought in considerable improvement in the Examination Management System (EMS) of the Institution

IT integration and reforms in examination procedures and processes, including Continuous Internal Assessment (CIA), have been instrumental in bringing about significant improvements in the Examination Management System (EMS) of the institute. By leveraging technology and automating various aspects of the examination process, institutions can streamline workflows,

reduce errors, improve accuracy, and increase transparency. The institute's examination cell has been doing most of the work in online/electronic mode starting with contacting the setters, setting the papers, moderation (online/offline mode), and result publication.

Continuous Internal Assessment (CIA) is a critical component of modern assessment processes and provides a more holistic picture of a student's progress. By using IT tools such as Google Classroom, and online quizzes to facilitate CIA, institutions can generate automated reports, track student performance over time, and identify areas where students may need additional support. This information can be used to provide personalized learning experiences that help students achieve better academic outcomes.

By leveraging technology, the institute has transformed its examination systems and provided students with a better learning experience, while also improving the efficiency and accuracy of the examination process.

2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme Outcomes and Course Outcomes for all Programmes offered by the institution are stated and displayed on the website and communicated to teachers and students

Programme Outcomes and Course Outcomes for all Programmes offered by the institution are stated and displayed on the website at https://iscnagpur.ac.in/pages/courses_outcome_materials.php and it is also well communicated to teachers and students

Programme Outcomes are broad statements that describe the knowledge, skills, and attitudes that students should acquire by the end of a programme. Course Outcomes, on the other hand, are specific statements that describe the learning objectives of individual courses within a programme.

Stating and displaying POs and COs helps to ensure that all stakeholders (students, faculty, administrators, etc.) have a

clear understanding of the intended learning outcomes of a programme and its courses. This can aid in curriculum design, teaching, and assessment.

In addition, communicating POs and COs to teachers and students can help to ensure that everyone is on the same page regarding learning objectives and can help to promote student engagement and success. It can also aid in assessment and evaluation, as the outcomes can serve as a basis for evaluating student learning and program effectiveness.

2.6.2 - Attainment of Programme Outcomes and Course Outcomes as evaluated by the institution

Course outcome and policy of attainment & Dissemination

Policy of Attainment:

The policy of attainment refers to the guidelines and procedures that are used to ensure that students have achieved the intended course outcomes.

The following are some of the key elements of the policy of attainment as implemented in the Institute. They are 1) Assessment criteria 2) Assessment methods 3) Feedback 4) Appeals 5) Policy of Dissemination

The policy of dissemination refers to the guidelines and procedures for sharing the course outcomes and the students' achievement of these outcomes with relevant stakeholders.

The following are some of the key elements of the policy of dissemination: Channels of dissemination, Privacy and confidentiality, Reporting, Stakeholder engagement, Relevant stakeholders.

The policies of attainment and dissemination are critical in ensuring that students achieve the intended course outcomes and that the outcomes are shared appropriately with relevant stakeholders. These policies we deploy in our institute are transparent, consistent, and communicated to the students at the beginning of the course. Effective policies of attainment and dissemination help us to improve the quality of teaching and learning, and enhance the relevance and impact of the course outcomes.

RESEARCH, INNOVATIONS AND EXTENSION

3.1 - Promotion of Research and Facilities

3.1.1 - The institution's research facilities are frequently updated and there is a well-defined policy for promotion of research which is uploaded on the institutional website and

implemented

This institute doesn't have a well defined policy for promotion of research but after getting the autonomous status we are working on it and it is in progress. Due to inadequate resources, the institute doesn't fund the research activities but the faculties are always encouraged to apply for various funding agencies and pursue their research. The institute has six recognized Research Centers in the departments and provides sufficient infrastructural facilities and a conducive environment to promote research activity in the campus. Institute encourages the faculty members to pursue their Ph.D. work and help to create research culture among teachers and students.

Thirty three faculty members are recognized Ph.D. supervisors and advanced researchers. Research laboratories are integrated with well-equipped instruments so that interdisciplinary research and publication can be done. Four research scholars have been awarded Ph.D. Fifteen students have taken provisional admission for getting registered for Ph.D. The Institute has Instrumentation Laboratories for each department along with the Tissue Culture Laboratory in the Botany Department. The institute invests a lot of economic resources for purchase of sophisticated instruments, such as Raman Spectrometer, FT-IR, UV-VIS Spectrophotometer, DTA, HPLC etc. The faculty and PG students are encouraged to take up research and developmental activities by utilizing the existing resources.

3.3 - Innovation Ecosystem

3.3.1 - Institution has created an ecosystem for innovations and creation and transfer of knowledge supported by dedicated centres for research, entrepreneurship, community orientation, incubation, etc.

An ecosystem conducive to innovations and transfer of knowledge for Research and Innovation for improvement and creativeness by faculty members and research students has been created by our highly qualified and academically active faculty members even after hundred years of its tenure in academics. After getting academic autonomy steps are taken to implement NEP-20.

- Two ongoing MRP sanctioned by SERB with the cost of the Rs. 18.3 and 37.95 lakhs.
- Research collaboration (4), MoU's (8) facilitates our students to undertake research internship.
- International research papers (20 papers), two books/chapters are published.
- Faculties and students participate in conferences, seminars, workshops, various skill enhancement and professional development programs under govt. schemes.
- Workshops, seminars and guest lectures on entrepreneurship are organized for students.
- Computers, printers, scanners, photo-copiers etc. provided in all the departments.
- Entire campus is Wi-Fi enabled.
- Subscription to INFLIBNET.
- Smart classrooms equipped with digital podium and LCD projectors.
- The second year P.G. students are encouraged to identify research problems submit their reports in the form of dissertation.
- Organization of various activities through NSS for orientation of social and community services.
- Recognized centre for distance education through IGNOU (8 programs) which enable the staff to provide guidance to

the IGNOU learners.

INFRASTRUCTURE AND LEARNING RESOURCES**4.1 - Physical Facilities**

4.1.1 - The Institution has adequate infrastructure and physical facilities for teaching-learning, viz., classrooms, laboratories, computing equipments, etc.

The campus infrastructure includes the main building, annex building, boy's hostel, girl's hostel, new library building, canteen, sports complex including ground and gymkhana, parking, garden etc. The main building is equipped with 55 class rooms

laboratories, office and library.with wifi / LAN / LCD facilities, The facilities of reading room, girls common room, close auditorium, open auditorium, conference room etc. Further, every department is equipped with their own computing resources along with small departmental library. The Institute has a Central Library is well equipped with journals & books.with 23 Computers where students have access to learning material. Laboratories are equipped with recommended facilities. All Departments have separate laboratories for undergraduate and post graduate classes.These departments have research laboratories . The Institute has well equipped seminar hall i.e. "Sabhagruha" (Room No. 45). Open air auditorium (theater) is present in the center of main building. Under ICT more than 300 computers have been provided to all departments .Every department is provided with LCD projectors, Laptops, desktops andoverhead projectors, electronic whiteboards with digital podium, printers, and scanners for computer aided teaching. Internet is provided to all the departments and library computer center with 100 and 10 Mbps bandwidth.

4.2 - Library as a Learning Resource

4.2.1 - Library is automated using Integrated Library Management System (ILMS)

SOUL Software of University Library software is in use for library automation. It is multi-user, multitasking integrated library management software working either on a single machine or in a client-server multi-platform environment. It helps us for the effective preparation of catalogue books, e-books, films, sound recordings, drawings, clippings, articles, reports, letters, pamphlets, serials publications etc. SOUL cataloguing adheres to popular international standards. It retrieves the information in a simple, fast and efficient manner. It supports flexible workflow to cover activities related to acquisition of books, serials control and funds monitoring. Cataloguing: -It is based on AACR2. It catalogues any type of material. Acquisition: -It supports the entire range of activities right from making a proposal to acquire an item, until it is finally paid for and accessioned. Circulation: -It is based on lending rules that we can define and change. Serials Control: - It allows for tracking receipts of issues, filing claims for issues not received, preparing binding orders. OPAC: On-line Public Access Catalogue offers powerful on-line search facilities to search through library catalogue. It saves valuable time, labour and money to access any reading resources. Reports: - It provides various types of reports required for various government agencies.

4.3 - IT Infrastructure

4.3.1 - Institution has an IT policy covering Wi-Fi, cyber security, etc. and has allocated budget for updating its IT facilities

The institute has a modern server room with Windows servers. LAN network is spread across the institute including Office, Laboratories, Library and other working areas. All the

computing facility are equipped with high performance and latest edition of computers. The LAN network has a configuration Core switch to edge switch. Two leased lines of 10 MBPS (192.168.0.6) and 100 MBPS (192.168.0.2) are used in a network. By using these two leased lines from BSNL, restricted internet and WI-FI facilities are provided to students and faculty members of institute across the CAMPUS. Some of the faculties use platforms like moodle, Google classroom through G Suit, Institute has computer labs in various departments for use of UG, PG and research students of Institute, also modern workstations were made available to these computers. All the classrooms are wi-fi enabled by dedicated access points. Further eight classrooms have been converted to smart classrooms with digital podium, interactive boards and other necessary peripherals. All the faculties use this effective methodology to enrich the learning process of students. Four digital notice boards were procured from grant of RUSA in 2019-20 for speedy circulation of information and notices.

5.3.2 - Presence of an active Student Council and representation of students in academic and administrative bodies/committees of the institution

Students of the institute had a place in the institute's functioning through the Students Representative Council (SRC) and Academic Forums through which the students play a key role in the inception, planning and implementation of different co-curricular, extra-curricular and sports activities. Institute provides full support to the students representation in various academic, sports and administrative bodies. Student task force (previously called as Students council) is enacted each year as per the Maharashtra Universities Act 1994 40(2) (b) (vii) up to 2014-15. The representatives are selected on the merit basis and a few are nominated by the director. After declaration of the members of the council, the students were allotted the academic and administrative committees. This council meets at least two times in a year to discuss on various issues and provide valuable suggestions to the administrator. Each year annual social gathering is organized. This mega event is totally controlled and administered by students with the support and guidance by staff members. The major activities are intra-collegiate sports, cultural and academic competitions. The student committee for each event takes a lead in making this event successful.

LACF, Literary Art and Cultural Forum which gives message of

brotherhood is a prime and unique feature of Institute. Under LACF the students participates in various cultural, cocurricular activities and extracurricular events as well.

GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 - Institutional Vision and Leadership

6.1.1 - The governance of the institution is reflective of an effective leadership in tune with the vision and mission of the Institution

The mission of the Institute is implicit in its logo which includes PER ARDUA AD ASTRA which literally means BY TOILSOME WAY TOWARDS THE STARS. It is with this slogan; our Institute is making its way towards achieving the goals. "The vision of the Institute is to inculcate scientific temper among students to address global challenges by advancing the frontiers of science, by producing scientifically trained leaders and innovators and enhancing public understanding of science." Our mission is to bring the benefits of science to society by providing access to a rich educational experience that will motivate and enable all our students to seek the highest levels of intellectual achievement in the Physical, Chemical, Mathematical and Biological sciences and attain an all-round personal growth with high moral values. Accordingly, Institute offers UG and PG programs in science. . The Institute is owned and managed by the State government; hence it runs as per the policies and norms laid down by the directives and policies of State Ministry of Higher and Technical education, the affiliating University, and UGC . The outcome of effective governance is evident of getting autonomy and recognition received by Institute from NIRF 61 and 82 from Ministry of

Education, India.

Paste link for additional Information	https://www.iscnagpur.ac.in/igacupload/6.1.1 W.pdf

6.1.2 - Effective leadership is reflected in various institutional practices such as decentralization and participative management

Academic matters, infrastructure maintenance, utilization and campus development are looked after by various committees in consultation with the Director of the Institute. The administrative and academic heads of the Institution supervise all committees for their effective functioning. The management system of the Institution is decentralized and participatory in nature. Being a state government owned Institute; the objective is to impart quality scientific education to all segments of society. The responsibility of administration primarily lies with the Director. In case of academic matters, the various departments work in tandem for achieving the overall goals of the Institute. The registrar, office superintendent and other staff assist him as per the roles earmarked for them. Financial resources are managed by the Director and finance committee. Adequate representation of teaching and non-teaching staff, and in some cases, of students and alumni is ensured for decentralization. Our institute categorizes various activities as departmental, academic and administrative and finance related. All activities are supervised by the heads and supported by other stakeholders. For academic excellence, being an autonomous institute, board of Governance followed by academic council followed by Board of studies takes the decision about syllabus and other academic matters.

6.2 - Strategy Development and Deployment

6.2.1 - The institutional Strategic/ Perspective plan has been clearly articulated and implemented

Our Institute strategically plans activities and executes them in a planned manner. The activities are decentralized at four levels as departmental, administrative, academic and financial. The academic strategic plans are made before commencement of academic session by preparing academic calendar of that year. Administrative committees that are formed at the beginning of the session are responsible for all student and staff related activities. The strategic planning done by finance committee for procuring goods and materials. Strategic plan: - In 2022-2023 our Institute received funds from District planning commission. We prepared strategic plan as per the guidelines of DPC. The plan aimed at up gradation of institute with student centric mindset. A Detailed Project Report (DPR) on thrust areas of overall development of students was prepared and this proposal was submitted to DPC. The project directorate of DPC sanctioned the proposal. IMPLEMENTATION: 1. DPC accepted the proposal and sanctioned 50 Lakhs rupees for the following. 1 Procuring of Library Books 2 Procuring instruments for laboratories 3 Required Constuction for infrastucture development .

6.2.2 - The functioning of the various institutional bodies is effective and efficient as visible from the policies, administrative set-up, appointment and service rules, procedures, etc.

Our Institute is a state government owned body, which comes within the ambit of state Ministry of technical and higher education. The Institute runs on the policies, rules, and regulations laid down by the State government. The Organizational structure of the Institution, administrative setup, appointments, service rules and functions of various bodies are as follows. 1. Main Governing body consists of: - Minister of Higher and Technical education, State Minister, and Secretary. Policy framing, Academic and financial management. Overall control. 2 Director of Higher Education (DHE) at State level Overall supervision Execution of policies Administrative and financial control 3 Director of Institute Overall, In charge of the Institution Execution of policies at ground level in charge of Administration and finance of Institute Responsible for overall Academic progress and development of Institute. 4 Joint Director (Regional) 5 Head of Departments, Teaching Staff, Registrar, Office Superintendent, nonteaching staff, various Committees. Head of Department is responsible for smooth functioning of respective departments Teaching and non-teaching staff to perform designated functions and duties. All teaching and non-teaching staff is appointed by Maharashtra government. As such service rules as per provisions of MCSR are applicable to them.

6.4 - Financial Management and Resource Mobilization

6.4.1 - Institution conducts internal and external financial audits regularly

The audit is conducted by Accountant General (A.G.). The utilization of current year, approved budget along with the budget projected for the forthcoming year is submitted to Director higher education, Pune every four months. So, it is in way like internal audit. A. G. audit is done once in five years. The audit of funds received from various funding agencies, like DPC & RUSA is done by A.G. The audit of funds received from UGC is done by C.A. The utilization certificate for all the grants is submitted to the respective agencies. For any audit objection, the mechanism for settlement is as under

1. Personnel from External Audit Party (EAP) i.e., A.G. Office, Nagpur are deputed for carrying out audit work.
2. EAP (A. G.) inform their final objections/queries (If any) to the Director of our Institute in the form of an Audit Report.
3. EAP specify the control issues i.e.; they comment on the points where the controls are required to be established or tightened to avoid repeating the same mistakes in future.
4. On audit objections response is immediately initiated by monitoring of internal controls to avoid repetition of the objection.

6.4.3 - Institutional strategies for mobilisation of funds and the optimal utilisation of resources

We prepare strategic plans aimed at up gradation of our Institute on thrust areas of overall development viz., infrastructure, modernization of laboratories, up gradation of classrooms and augmentation and submit the same to various agencies like State Government, RUSA, DPC, DST and UGC. Faculties submit research proposals to UGC, DST and other agencies including RUSA. At the commencement of every academic session, the strategic budget plan is prepared for optimal utilization of resources. 1. Every year, the budget prepared by the Institute for carrying out construction, repair and renovation of the Institute building and premises besides purchase of instruments and chemicals is submitted to state government and other agencies. 2. After receiving the grants the Director who is the Chief Disbursing Officer, in consultation with the Finance Committee and the Purchase Committee disburses the amount to the respective departments. 3. All the purchases are carried out according to the Maharashtra Government Resolution. 4. The utilization of the budget is monitored regularly by the Institute as per the guidelines of the funding agencies. 5. The scholarship amount received from the donors is awarded to the deserving students after due verification.

6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing quality assurance strategies and processes visible in terms of incremental improvements made during the preceding year with regard to quality (in case of the First

Cycle): Incremental improvements made during the preceding year with regard to quality and post-accreditation quality initiatives (Second and subsequent cycles)

Internal quality Assurance Cell has immensely contributed towards development of Institute. IQAC conducted Post reaccreditation National level Seminar on Best Practices after that during lock down many webinar were conducted online and G suite iwas used for online clases..This is the significant initiatives by IQAC in Teaching Learning Process:. After achieving accreditation, we were granted autonomy, providing us with the freedom to establish a framework for syllabus design, examination administration, and evaluation. We have successfully implemented the National Education Policy (NEP) for both undergraduate (UG) and postgraduate (PG) courses, thereby restructuring our course offerings in alignment with NEP guidelines. Additionally, we've introduced an Academic Bank of Credits, enhancing flexibility for our students. Our institution remains committed to diligently implementing NEP initiatives, all under the guidance of the Internal Quality Assurance Cell (IQAC).It is a matter of great pride that our Institute along with the academics in UG and PG level contributes towards research activity. For the latest innovations in the field of Science, Technology and Holistic development of students, IQAC takes initiative in organizing conferences, workshops, and seminars, so that the students can face different challenges in the era of globalization.

6.5.2 - The institution reviews its teaching-learning process, structures and methodologies of operation and learning outcomes at periodic intervals through its IQAC as per norms

For reviewing teaching-learning facility, all faculty members are required to submit a Performance Based Appraisal System (PBAS) every year to IQAC, suggested by the UGC. Institute follows the mechanism, in which IQAC committee circulates notice regarding submission of PBAS with required documentation within a stipulated deadline. The administrative office collects hard copies of all teaching faculties and forwards the same to the Academic Auditcommittee which carries out a detailed assessment of reports based on the documents provided.

After analyzing reports, the committee recommends the desirable activities which are to be done by faculty to increase his/her scoring. Circulars regarding placements to next scale are received from the DHE's office from time to time. . All applications are recommended and forwarded by the Director to the higher authorities for placement and Promotion. Annual Confidential Reports (CR) is filled by the office considering their performance and compliance to the orders of the administration. The Heads of the departments with which the non-teaching staff are associated are taken into confidence while preparing the CRs. These CRs are verified by the Director with his prudence and sent to the Director Higher Education, Pune for further procedure.

INSTITUTIONAL VALUES AND BEST PRACTICES**7.1 - Institutional Values and Social Responsibilities****7.1.1 - Measures initiated by the Institution for the promotion of gender equity during the year**

1. **Safety and Security:** Ever since its establishment, our institute is co-educational providing equal opportunities to both male and female students. In all activities of the institute, boys and girls work together for success of each program so that gender equity is observed in all activities. . Committees like internal complaint committee, the Anti-Ragging Committee and the Grievance Redresal Committee look after grievances of all kinds. The Internal Complaint committee which has been formed for protection of students and staff against sexual harassment specifically looks into gender related matters. 2. **Counseling:** The internal complaint committee and Women's Cell ensure that the girl students are made aware of gender sensibility. .Due Pandemic, online counseling sessions were arranged. Guidance is also given on self-defense, nutrition health, yoga and mental fitness. 3. **Common Room:** In our Institute, a spacious common room with attached toilets has been provided specially for the girl students ,with seatingarrangement, water cooler and dust bins. 4: **Gymnasium :** It is made available to both male and female girl students and staff. Separate room for Yoga and meditation for girls and female faculty members is also available. The initiative were taken by organizing karate self defense camp.

7.1.3 - Describe the facilities in the institution for the management of the following types of degradable and non-degradable waste (within a maximum of 200 words)

Solid waste management: Separate dust bins are provided to collect wet and dry waste which is useful to segregate waste at the source. All solid waste is collected in large bins. The disposal of solid waste is managed with the help of registered agency deputed by Nagpur Municipal Corporation who pick up the solid waste generated in the campus from time to time. Besides this, compost pits have been prepared which are filled with leaf litter and inoculated with earthworms. The debris undergoes degradation by worms. The compost generated from pits is collected and used as biofertilizers for plants in our premises. Our institute works on the principle of reduce and reuse in this case. Efforts are constantly made to reduce the usage of paper through computerization, digitalization and use of electronic communication across all departments of the Institute. We constantly strive to make our campus plastic-free. As part of NSS campaign we prepared Eco-Bricks. **Liquid waste management:** All the laboratories especially chemistry laboratory is disposed by following the prescribed regulations keeping in view the safety of students, staff and environment. **E- Waste management :** e-Waste is disposed through write-off procedure after coupling with necessary Government rules.

7.1.8 - Describe the Institutional efforts/initiatives in providing an inclusive environment i.e. tolerance and harmony towards cultural, regional, linguistic, communal, socio-economic and other diversities (within a maximum of 200 words).

To build youth of the nation who are noble in their attitude and morally responsible, the Institute organizes and conducted several activities to build and promote an environment for ethical, cultural, and spiritual values among the students and

staff. To develop the emotional and religious feelings among the students and the faculty, commemorative days are celebrated in the campus with the initiative and support of the management for not only recreation and amusement but also to generate the feeling of oneness and social harmony. Teaching and Non-teaching staff of the Institute jointly celebrate the cultural and regional festivals, like Constitution day Fresher Party ,teacher's day, orientation and farewell program, Induction program, rally, oath, plantation, Youth day, Women's day, Yoga day, etc. But due COVID-19 restrictions, in 2021-22 some of it was taken online. Motivational lectures of eminent persons of the field are arranged for all-round development of the students for their personality development and to make them responsible citizens following the national values of social and communal harmony and national integration. Besides academic and cultural activities, we have built up many strong infrastructures for a variety of sports activities for the physical development of the students.

7.1.9 - Sensitization of students and employees of the institution to constitutional obligations: values, rights, duties and responsibilities of citizens:

Our Institute always takes lead for sensitization of students and employees to the constitutional obligations, values, rights, duties and responsibilities of citizens by taking initiatives like Constitution day Constitution Day is celebrated on 26th November every year. The programme initiates with Preamble reading of the constitution followed by lectures on the sensitization of students on responsibility towards the constitutional values, rights, duties and responsibilities of citizens. Research Assessment Committee Institute always strives for the transparency in work and follows the ethics and values in research and protection of intellectual properties. RAC is research advisory committee which evaluates and suggests the research activities, research proposal, and synopsis and pre submission viva of research students of Institute of science. Celebration of National Days Every year Institute celebrates Republic Day, Maharashtra Day and Independence day on January 26, May 01 and August 15 respectively. The celebration

is attended by Students, Teaching and Non-teaching Staff, Invitees, guests and any attendees. Flag hosting with National anthem and oath of national integrity followed by distribution of sweets is the regular decorum of the program.

7.3 - Institutional Distinctiveness

7.3.1 - Highlight the performance of the institution in an area distinct to its priority and thrust (within a maximum of 200 words)

Academic Excellence through Scholarship The vision of our Institute is to inculcate scientific temper among students to address global challenges by producing scientifically trained leaders and innovators and enhancing public understanding of science. True to this vision, we encourage our students for scientific approach. Encouraging them for global, local, academically challenged issues, we develop competitiveness. We boost them for this by providing scholarships from Philanthropist and Non Government Organizations. Our vision is to excel students by making their name in the merit list; they get rewarded by the scholarship. Alumni Association of Institute (AASCON) sponsors 20 scholarships. Two Philanthropists made 3 Crores donation. Institute has also announced "Sukhdevji Maharaj of Saongi Memorial Scholarship, in which students are getting cash price and a gold medal. The scholarship is awarded in six subjects, viz., Physics, Chemistry, Mathematics, Statistics, Botany and Zoology. Another is Shankar Balwant Pandit memorial Scholarship, instituted by Vikram Pandit for post graduate students of Physics and

Mathematics. The purpose of this scholarship is to help economically disadvantaged students. Institute always strive for these types of scholarships so that there is continuous encouragement for acquiring knowledge because of competitive environment. Moreover the needy students are able to continue their education.
