## **National Cadet Corps (NCC)**

*Annual Report*

*Submitted for the Academic Year*

*2014 - 2015*

# Introduction

The NCC in India was formed with the National Cadet Corps Act of 1948. It was raised on 15 July 1948. The origin of NCC can be traced back to the 'University Corps', which was created under the Indian Defense Act 1917, with the objective to make up the shortage of the Army. In 1920, when the Indian Territorial Act was passed, the 'University Corps' was replaced by the University Training Corps (UTC). The aim was to raise the status of the UTC and make it more attractive to the youth. The UTC Officers and cadets dressed like the army. It was a significant step towards the Indianisation of armed forces. It was rechristened in the form of UOTC so the National Cadet Corps can be considered as a successor of the University Officers Training Corps (UOTC) which was established by the British Government in 1942. During World War II, the UOTC never came up to the expectations set by the British. A committee headed by Pandit Hradaya Nath Kunjru recommended a cadet organization to be established in schools and colleges at a national level. The National Cadet Corps Act was accepted by the Governor General and on 15 July 1948 the National Cadet Corps came into existence.

## Motto and aim

The discussion for motto of NCC was started in 11th central advisory meeting (CAD) held on 11 August 1978. At that time there were many mottos in mind like 'Duty and Discipline'; "Duty, Unity and Discipline"; "Duty and Unity"; "Unity and Discipline". later, at the 12thCAD meeting on 12 Oct 1980 they selected and declared "Unity and Discipline" as motto for the NCC. In living up to its motto, the NCC strives to be and is one of the greatest cohesive forces of the nation, bringing together the youth hailing from different parts of the country and molding them into united, secular and disciplined citizens of the nation.

The Aims of the NCC was laid out in 1988, NCC aims at developing discipline, character, brotherhood, the spirit of adventure and ideals of selfless service amongst young citizens. Not only these, it also aims to enlighten leadership qualities among the youth who will serve the Nation regardless of which career they choose. It also motivates they young to choose a career in armed forces.
